DESIGN CHALLENGE

Use “random” words to design something by using owls as inspiration. Roll the dice and use the words below as inspiration.

Make a drawing of your design.

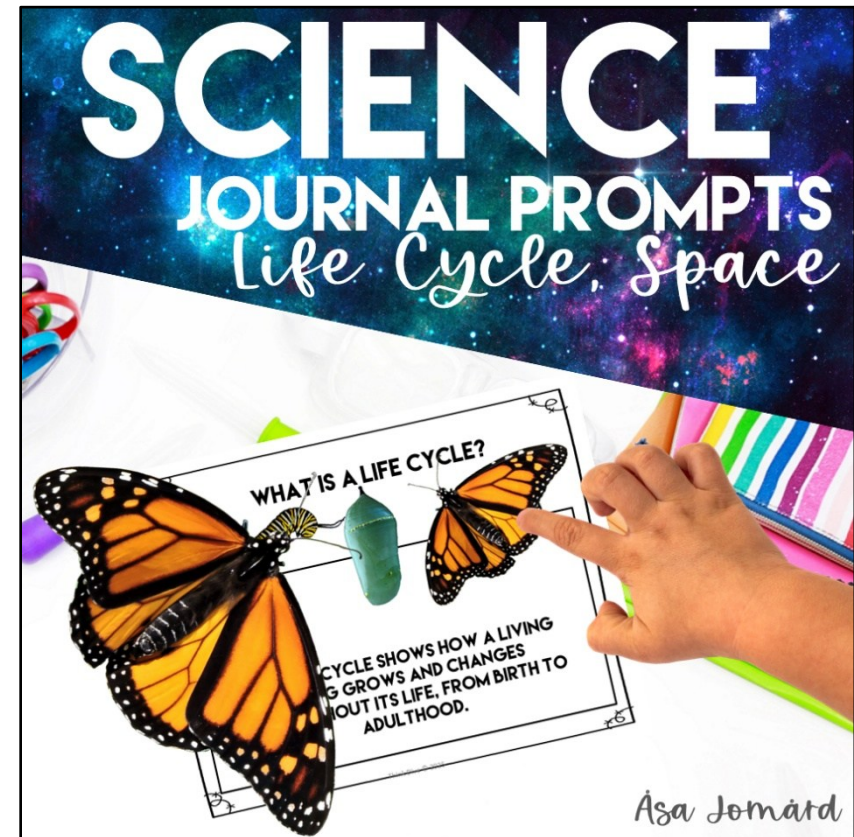

1. Wind turbine
2. Spy camera
3. Protective clothing for cold climates
4. Machines for detecting movements under the snow
5. Snowshoes
6. Your own choice

Give your invention a cool name.

Think Dive © 2025

The design challenge worksheet provides a list of six random words for inspiration. It includes an illustration of a snowy owl and a die. A large rectangular box is provided for drawing the design. The text prompts students to use the words to design something by using owls as inspiration and to roll the dice to use the words as inspiration. It also asks students to make a drawing of their design and to give their invention a cool name.
