

MATH JOURNAL 0-20

I can see 3 birds, 1 dog, 1 bike, 18 feet, 3 flowers, 4 eyes.

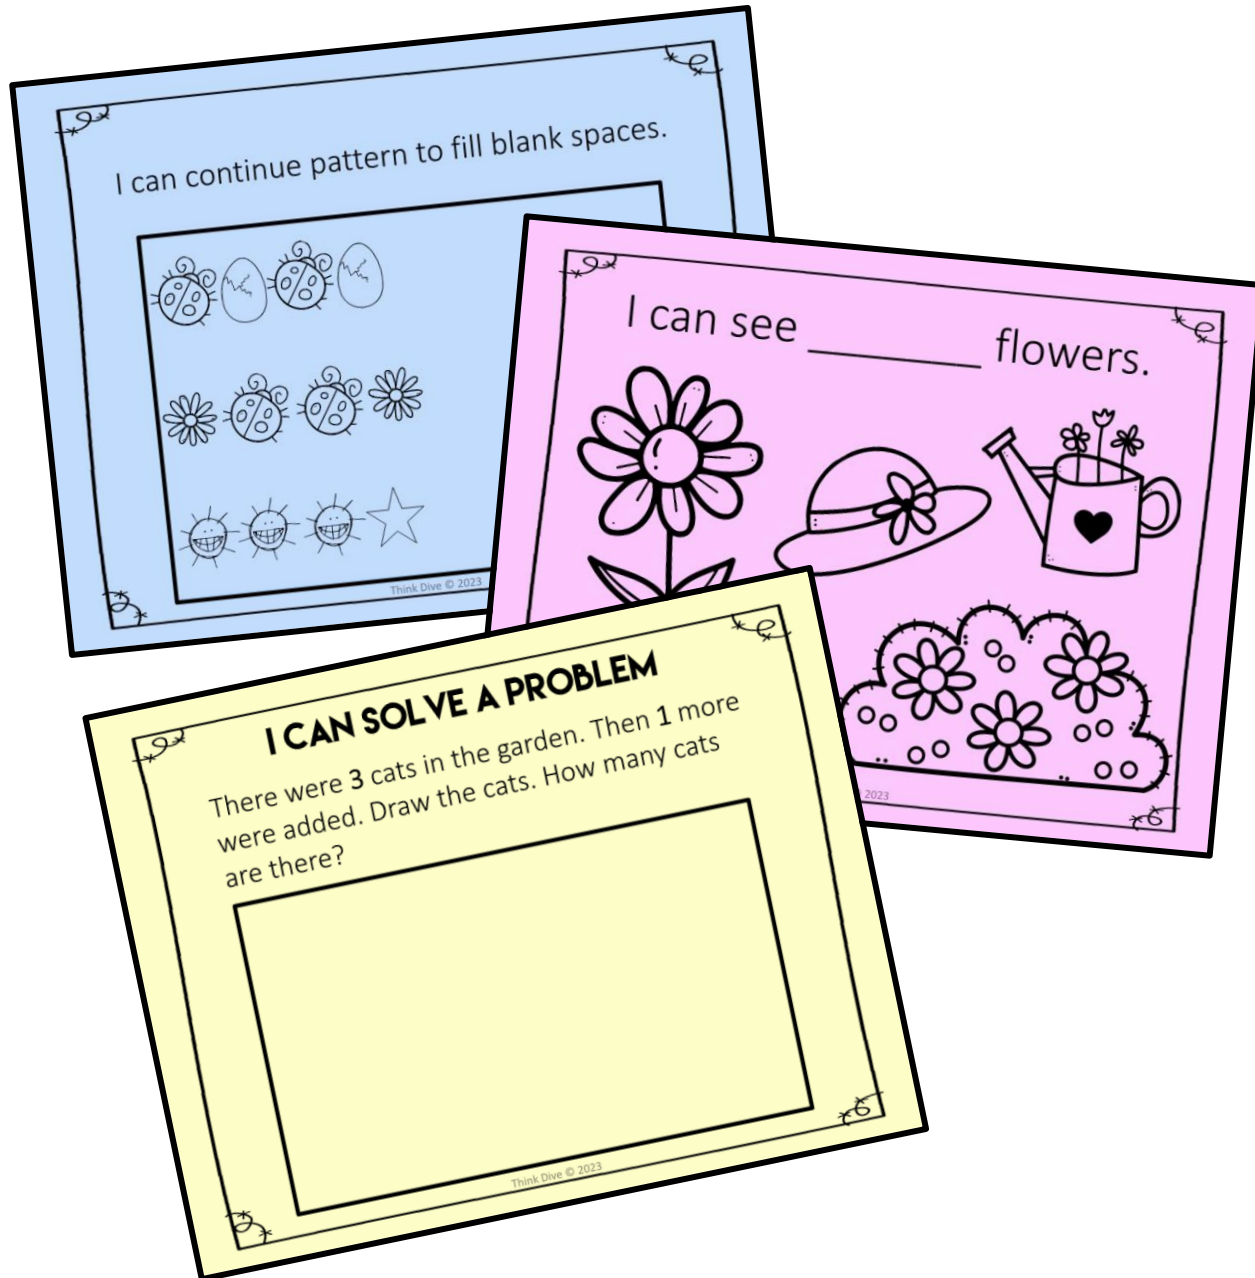

Think Dive © 2023

The image shows a child's math journal page with a drawing of a scene. The scene includes a large blue bird, a small blue bird on a bicycle, a purple dog with three white flowers on its side, a red ladybug, a blue kite, and a magnifying glass. The text above the drawing says 'I can see 3 birds, 1 dog, 1 bike, 18 feet, 3 flowers, 4 eyes.' The page is surrounded by various colorful objects like a bowl of beads, a pair of glasses, a pencil, and a hand holding a purple object.

Tasks that require that children apply memorized procedures to solve a problem require one type of thinking, while open-ended tasks require a very different kind of thinking. Both are important for developing fluency and understanding of math.

INCLUDED

- ❖ Teacher Guide
- ❖ Draw and show solutions
- ❖ Addition up to 120
- ❖ Subtraction up to 120
- ❖ Problem solving
- ❖ Draw and show solutions
- ❖ Patterns
- ❖ Doubling
- ❖ Number bonds
- ❖ Number lines
- ❖ What could the problem be?
- ❖ Posters
