

ANIMAL EXTINCTION

_____ is learning about extinction

What is a dodo?

Draw a dodo

Dodo Mystery

The dodo became extinct in 1681. The common explanation is that the dodo went extinct because sailors ate the bird. It was easy to catch the dodo since it could not fly and had no fear of humans.

Scientists have found another possible explanation for the extinction. Certain species of tree was becoming quite rare on Mauritius.

WHAT IS INCLUDED

What does extinct mean?

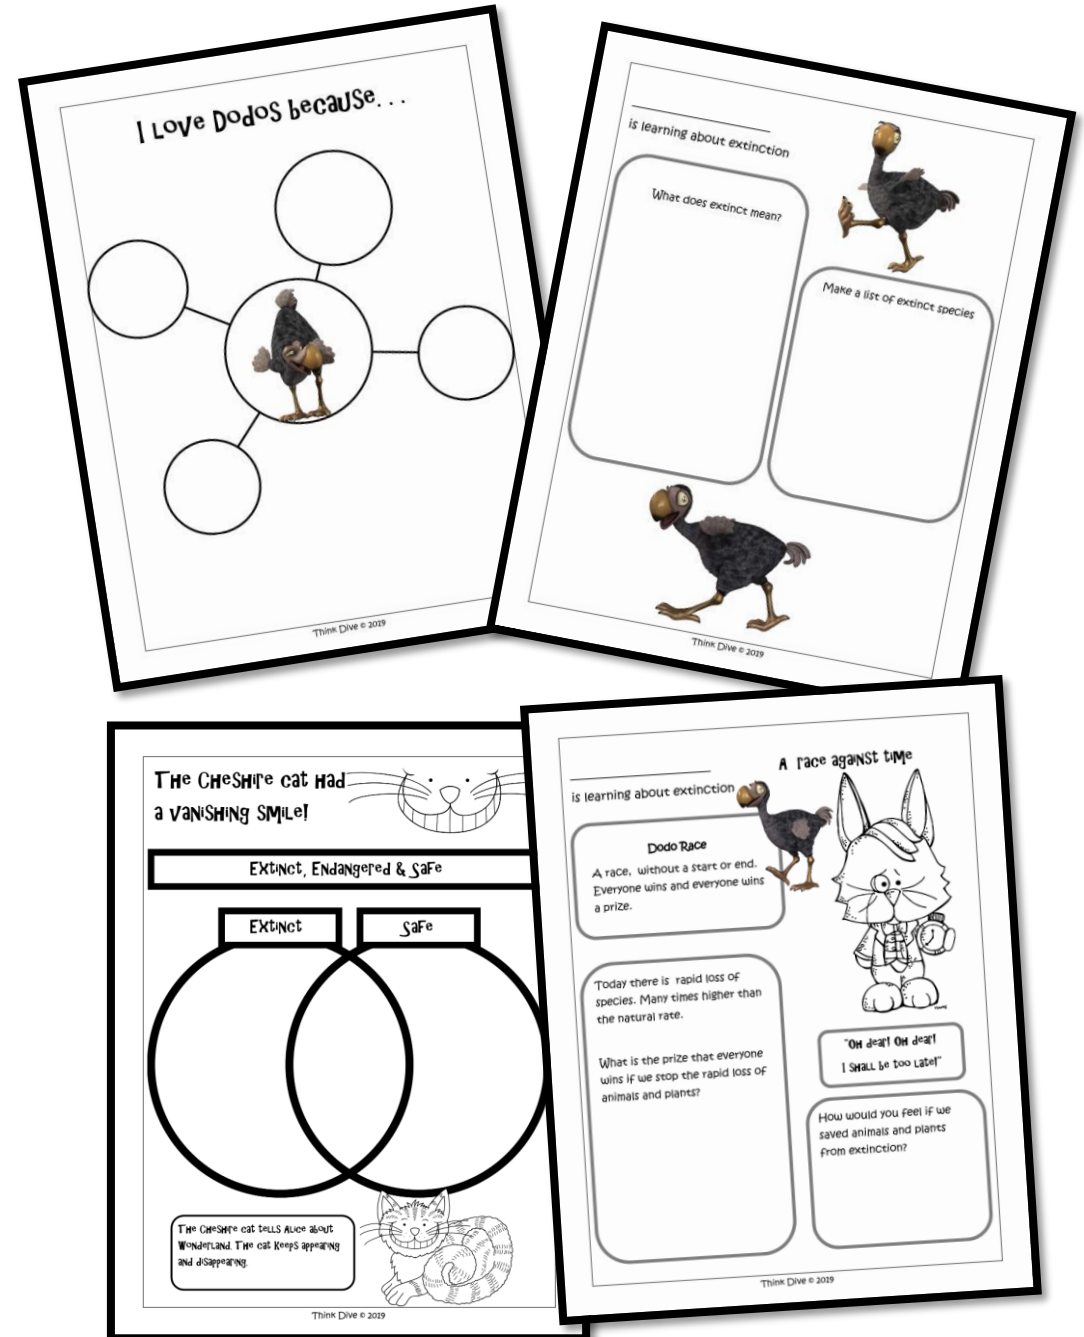

Why do animals become extinct

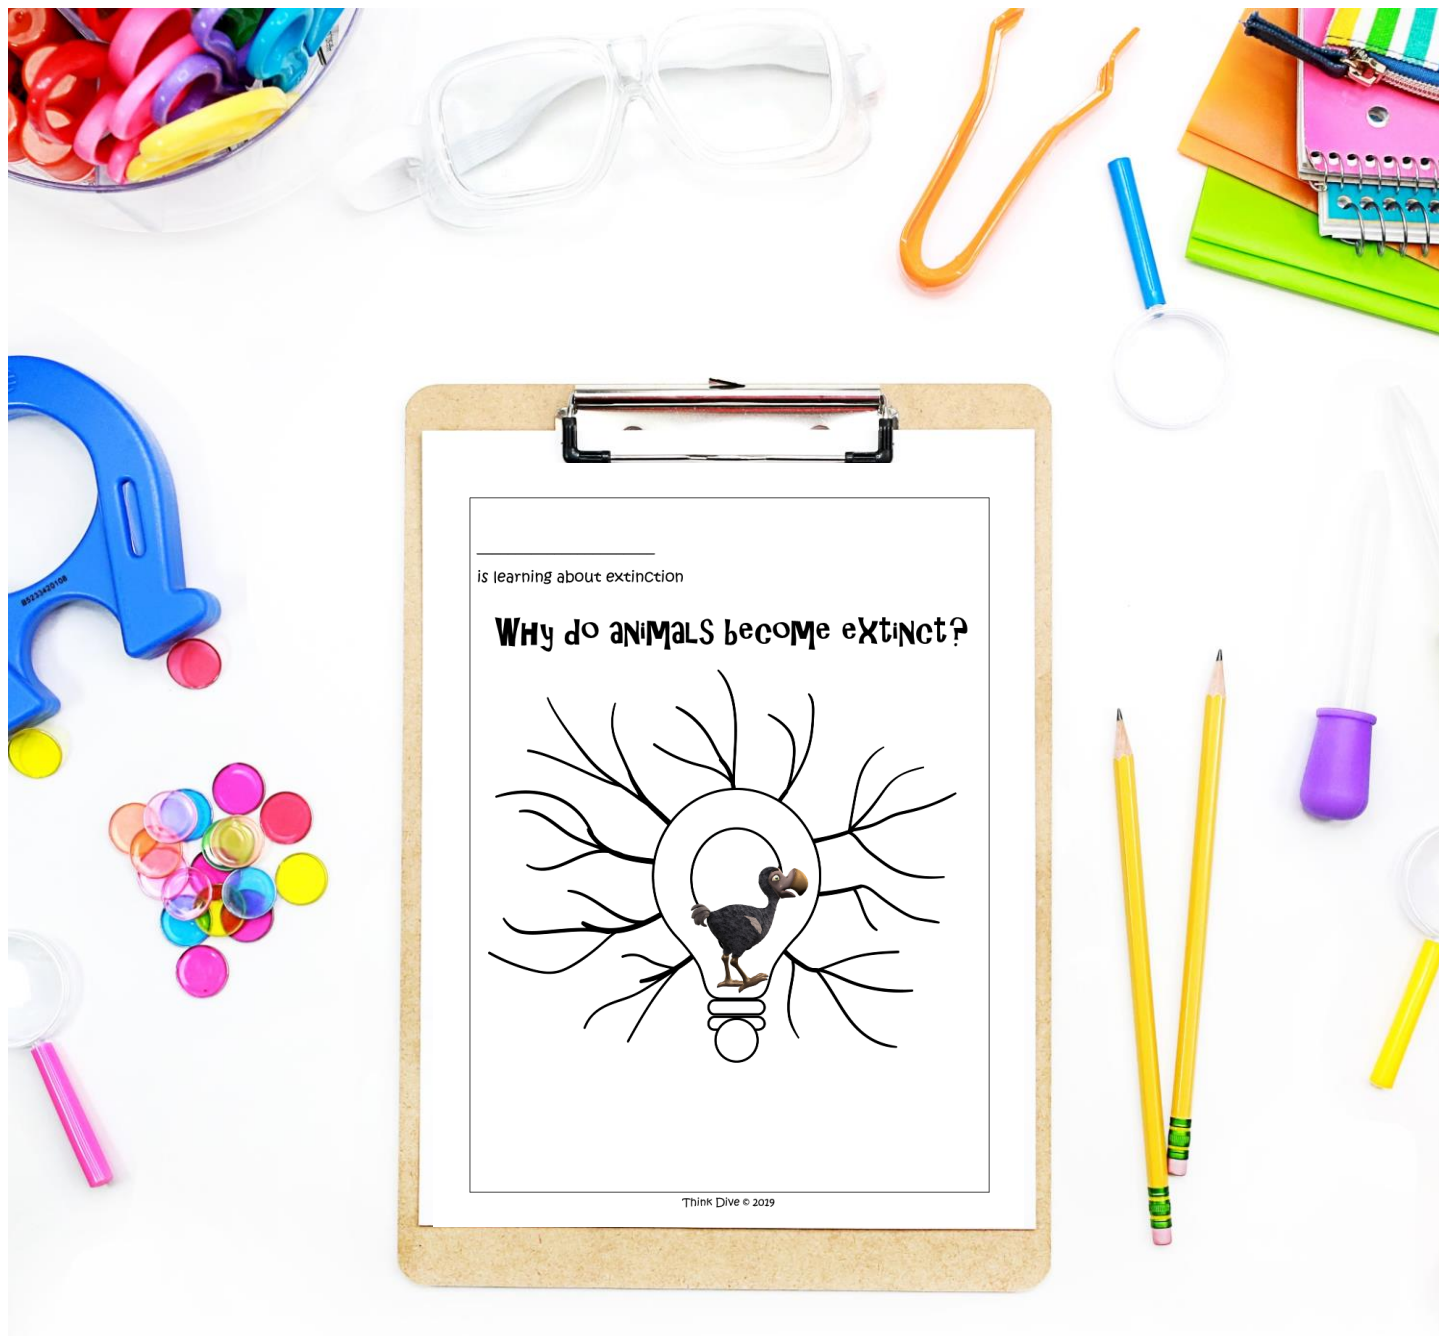

Explore solutions to prevent extinctions

Alice's Animals Are they safe?

What if scientists could bring back the dodo?

Story Writing

GREAT TO USE FOR

- ❖ Endangered Animal Units
- ❖ Animal Studies
- ❖ Earth Day
- ❖ Environment Units
- ❖ Centers
- ❖ Independent Work
- ❖ Creativity Challenges
- ❖ Distance Learning
- ❖ Easel Activities included

REVIEWS

“This is the perfect activity for Earth Day and talking about animal extinction! Students will love the connection with Alice and Wonderland!”

“What a unique resource! It will really help students think deeply. Thanks for this!”

“I absolutely love this resource. The way that you tied together fiction and non-fiction in a science lesson makes my heart happy! Can't wait to use this!”
