

HUMAN BODY SYSTEMS EXPLORATION TASKS

Choice + Structure = Deeper learning with less prep!

Activity 9: Concept Map

Complete a concept map for a body system with at least six connected ideas, including key organs, functions, and interactions.

Activity 3: 2 Truths and a Lie

Create three statements about the system—two true, one false. In the corner, write which number is a lie.

System:

1	
2	

Activity 1: Four-Square Model

Complete the model on the human body system of your choice.

Function:	Main Organs/Parts:
Examples:	

Activity 8: Cause and Effect Chain

Create a cause-and-effect chain that outlines what happens when the system malfunctions due to a disease, injury, or disorder.

Trigger/Disease	Effect on the System	Effect on the Body
Trigger/Disease	Effect on the System	Effect on the Body
