

ESCAPE ROOM

Section 1 of 2

Back to School Escape

It's the first day of school and you left your backpack in your classroom. You head back to the room to grab your backpack only to hear the door click closed behind you, and a soft beep as the door locks.

Click to explore the room for clues that will help you find the correct codes to unlock the room. Each clue will bring you one step closer to unlocking the room.

When you find them add your code to the 4C:

Back 3: Answer each question by selecting the correct choice. Then use the cipher to determine the correct code.

A. $2 \times 2 \times 2 =$

- A.6**
- B.8**
- C.12**

B. $3 \times 3 \times 3 =$

- D.27**
- E.9**
- F.18**

Have you found all 4 digits of the code yet? I don't know any of them. I'm just a dog.

ESCAPE ROOM

MATH REVIEW

A Google Sites escape room is like a digital adventure that you can do on the internet. It's kind of like a game where you solve puzzles and riddles, but all the action happens on a special website made by Google.

ESCAPE GAME MATH REVIEW

BACK-TO-SCHOOL DIGITAL ESCAPE

Instead of using locks and keys in real life, you use your brain and clicks to unlock new parts of the adventure. It's a cool way to have fun and challenge yourself online!

Back to School Escape

It's the first day of school and you left your backpack in your classroom. You head back to the room to grab your backpack only to hear the door click closed behind you, and a soft beep as the door locks.

Click to explore the room for clues that will help you find the correct codes to unlock the room. Each clue will bring you one step closer to unlocking the door and heading home. When you find them add your codes to the Locks below. Be sure to use CAPITAL LETTERS
