

Science Word Sprint!

Current Electricity

Students race
against the clock
to guess scientific
terms without
using the
forbidden terms.

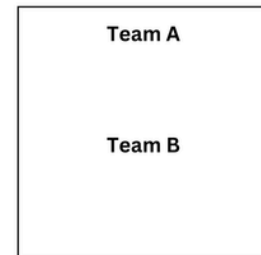

Physical Sciences

Gameplay

Students get into teams of 4 or 5

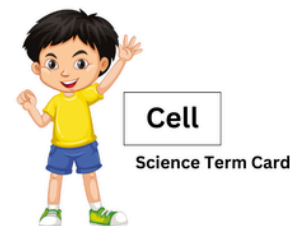

Teams choose a team name and create a score card

Team A starts by choosing their first speaker

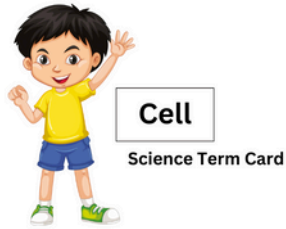

The speaker picks up the top card and looks at the term.

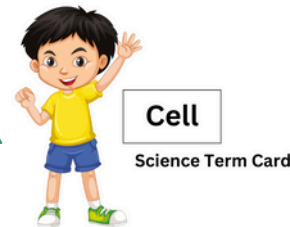

The other team starts the 2-minute timer. The game ends when the 2 minutes are up.

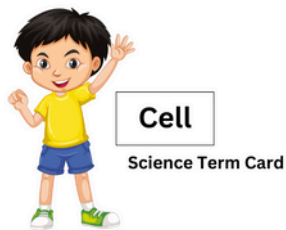

Gameplay

The speaker gives clues to his/her teammates about the science term without using the forbidden words.

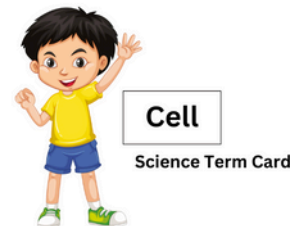

The three guessers from Team A need to guess the word while Team B monitors for use of the forbidden words.

SCORING:

- 1 point per correctly guessed term
- If speaker uses forbidden word:
 - Opposing team yells "Stop!"
 - Speaker loses that word and must move to next word

First team to reach 15 points or highest score after 3 rounds per team is the winner.

Scoring

1 point for every correctly guessed term.

If speaker uses forbidden word:

- **Opposing team yells "Stop!"**
- **Speaker loses that word and must move to next word**

Winner

First team to reach 15 points or highest score after 3 rounds per team is the winner.

No Prep

- **Simply print the scientific term cards**
 - **1 set per pair of teams**
 - **~ 3-4 sets total**
- **Laminate them if you like and your set**

A Fantastic Way to Review a Unit
