USING THE GAME CARDS

- ▶ Use the game cards included with this download for practice fluency. Have students practice both the color and black and white word cards.
- ▶ Keep a set of known and unknown cards for each student for assessment of words recognized automatically.
- ▶ Students can use the black cards to mark up the words with regular and "heart" sounds.
- ▶ Have the students touch the symbols while saying the sounds. The sounds in red do not follow the normal phonics rules and much be memorized by "heart". Underlined letters represent one sound.
- ▶ Before playing, go over the cards and how to read them. This game is meant to practice words that have been taught.

PRACTICE MADE EASY

This resource made it so much fun! We knew my daughter was going to be tested on these types of words but, before we found this, we didn't know how to prepare her for it. This was perfect! It was a fun way to introduce a foreign concept and have it make sense.

KIDS LOVE IT!

This is Fun!
