CUT AND PASTE

DIRECTIONS FOR USE

Secret Picture Tiles

Put the answer tile on the correct question and then use pencils, textas or crayons to brighten your finished picture.

- Use the tables side of the worksheet as the master.
- Cut out the images on the right-hand side.
- Match the number on the images and glue them onto the corresponding question .
- These are the answer tiles.
- This activity is self-correcting, so when complete, they should make the images as show in the answer keys below.
- A recording sheet is included for each of the activities if you need your students to turn in their work.
