“I initially purchased just unit 1 on its own to try it out. I LOVED teaching it and the students were very engaged. I came back to purchase this bundle AND the 5-8 bundle and can't wait to use it with our lessons this year. (Go ahead and do what I did if you wanna see if it works for you; TPT refunded me for my previous transaction of unit 1 after purchasing this bundle upon opening a ticket.) HIGHLY recommend for older learners who are new to French!”

STUDENT HANDOUTS

“My students were really engaged with the activities I chose to include into our curriculum from this resource. My main goal was in providing more input during target language specific instruction. This download helped me to achieve that and I very much appreciated the extra time I had to complete other tasks. Merci beaucoup!”

“This is an incredible bundle to use solo or to supplement your curriculum. Everything is organized and explained, and the units are easily customizable depending on your students’ previous vocab/grammar background. I highly recommend these units; extremely helpful. Thank you!”

UNIT STORY

The unit culminates in a fun unit story based on the vocabulary of the current units and any previous units. The story includes a printable version, a video version without sound, comprehension activities and story retell activities.

“These units are such a great base as I move away from textbook teaching. Knowing that I have some CI resources to rely on make planning a bit less stressful. The students are enjoying the work as well. I am thrilled with these lessons and hope to see more levels in the future. “

GAMES AND FUN STUFF

The unit includes a running dictation game as well as the unfair game – review the unit story and have fun! Also includes links to sets to play Quizlet, Blooket and Gimkit games with the unit’s vocabulary. As an added bonus, there is a set of printable word wall posters you can print and use to reinforce vocabulary.

Question 1

- Why does Supermec’s family need a new house?
 - They are expecting a baby and the apartment is too small.
- 

“My students LOVE this resource! I use it daily for French level I and level II. I bought this with my own money and it is absolutely money well spent!”

WHO CAN BENEFIT FROM THESE?

- Teachers who are required to use a textbook curriculum.
- Teachers who want to use Comprehensible Input but need a bit of structure.
- Teachers who have a common district final with non-CI teachers.

“I have been nervous about making the move to CI for many reasons, having taught for 22 years now. These units are so well-organized and engaging for the students. It makes it easy on me as the teacher to learn as I go. The kids like the stories! The weaker students feel confident because they finally can “get it” thanks to multiple repetition and cognate recognition. There are plenty of extension and enrichment ideas for the higher-level kids. I cannot speak highly enough about these resources. Don’t hesitate to purchase!”

TEACHERS ARE SAYING...

“My students love these
units! Thank you!”

LOVE LOVE LOVE this unit. I
even tried it out on my son
(8th grade, never studied
French before) and he could
quickly comprehend the
unit vocab – even my 3rd
grader could pick it up and
found it funny and
enjoyable. This approach is
the BEST.
