# Copyright- Terms of Use

Thank you for your purchase! By purchasing this resource, you are agreeing that the contents are the property of Nikki Tester@OceanView Resources and licensed to you only for classroom/personal use as a single user. I retain the copyright, and reserve all rights to this product.

## **YOU MAY:**

- ☐ Use items (free and purchased) for your own classroom students, or your own personal use.
- ☐ Reference this product in blogposts, at seminars, professional development workshops, or other such venues provided there is both credit given to myself as the author and a link back to my SELZ store <https://nikkitester.selz.com/> or website <http://www.oceanviewlearningcentre.com/> is included in your post/presentation.
- ☐ Distribute and make copies of free items only to the teachers provided there is credit given to Nikki Tester and a link back to my SELZ store <https://nikkitester.selz.com/> or website <http://www.oceanviewlearningcentre.com/>

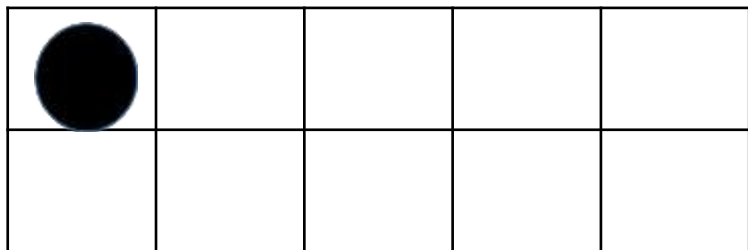

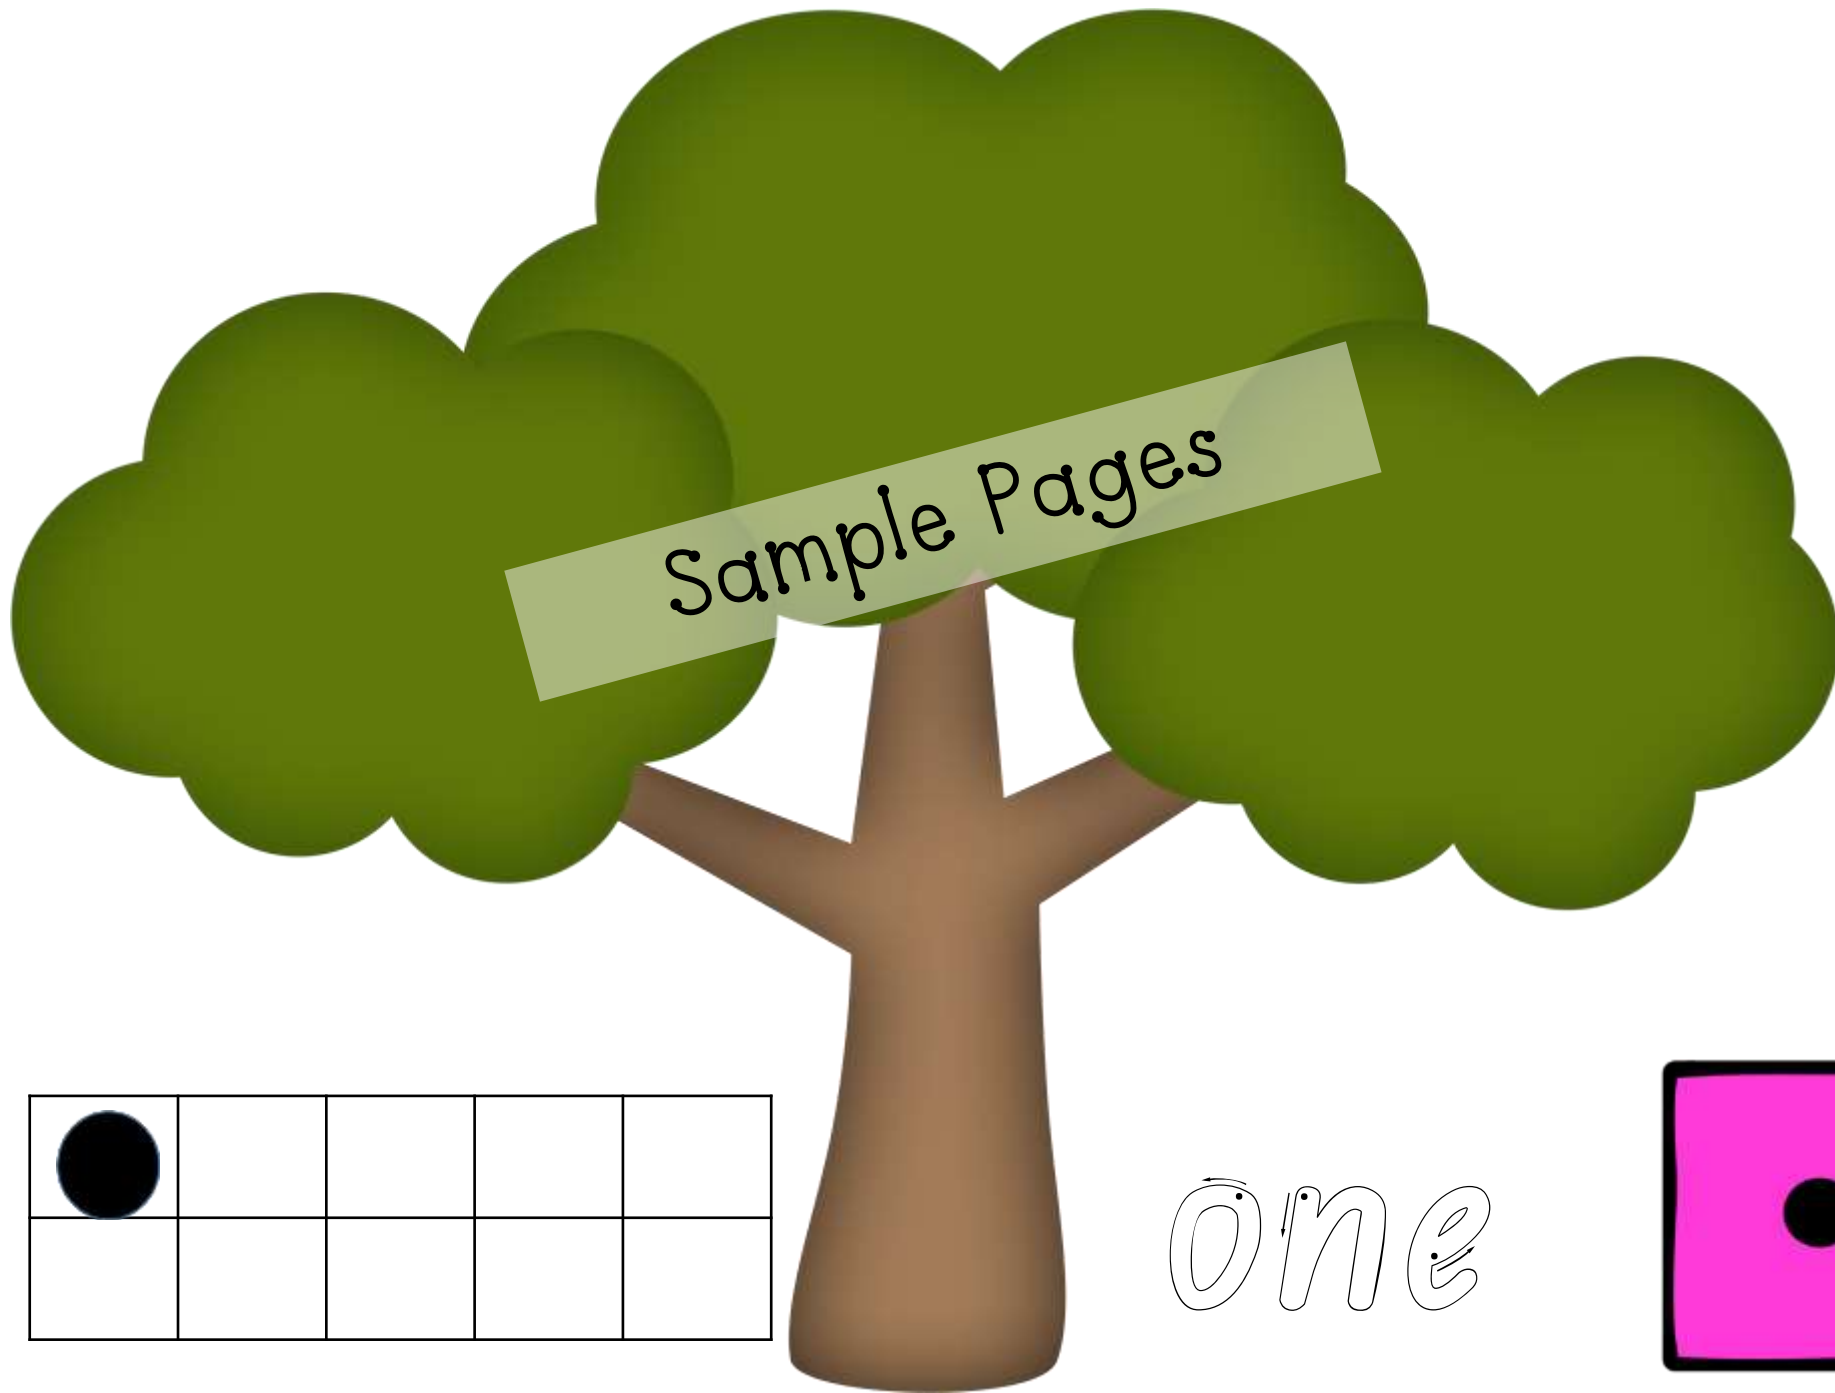

## ☐ **YOU MAY NOT:**

- ☐ Claim this work as your own, alter the files in anyway, or remove/attempt to remove the copyright/watermarks.
- ☐ Sell the files or combine them into another unit for sale/free.
- ☐ Post this document for sale/free elsewhere on the internet (this includes Google Doc links on blogs, drop box etc).
- ☐ Make copies of purchased items to share with others is strictly forbidden and is a violation of the Terms of Use, along with copyright law.
- ☐ Obtain this product through any of the channels listed above. Thank you for abiding by universally accepted codes of professional ethics while using this product. ©2016, Nikki Tester@OceanView Resources.

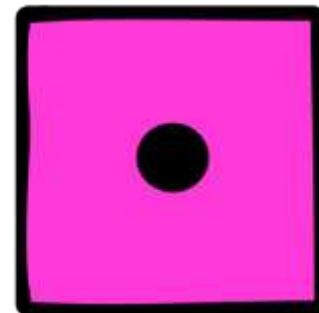

## How to use this resource

- ❑ These fun mats can be laminated and used to match the animals of the students choosing to go and live in the trees.
- ❑ As laminated sheets students can use them to put matching playdough apples etc in the trees, trace over the letters and match counters or playdough in the ten frames provided.
- ❑ With larger numbers, students can use these as a dice game and see who can fill their tree first with the exact number shown on the mat. If you are looking at the number 8 and the child throws a 2, then they know they will need to throw a 6 or any combination that adds to 6 to complete their tree. If they throw a number that is too big, then they miss a turn.
- ❑ These mats can be used as part of group rotations with students filling all sets of cards as an activity.
- ❑ Suitable for pre school or early kindergarten students.
