Included Skills

WHY ARE WE LEARNING THIS?

- Line Tracing: Tracing lines helps children develop fine motor skills and hand-eye coordination. It lays the foundation for writing by teaching them how to control a pencil or crayon.
- Cutting: Cutting with scissors develops fine motor control, hand strength, and coordination. It's an important skill for independence and self-care tasks.
- Colors: Focusing on colors helps children with color recognition, an early cognitive skill. It's also a way to introduce them to sorting and categorizing by color.
- Letters (Recognizing Upper & Lowercase): Recognizing letters in both uppercase and lowercase helps toddlers with letter identification, an early literacy skill. This is the first step toward reading and writing.
- Number Recognition: Recognizing numbers introduces toddlers to basic numeracy. It's the foundation for understanding quantity and counting.
