

SPRING ROLL & COVER COLORS

Pre-K & Kinder Activity

Roll & Cover SPRING

How do I use this?

- Print and laminate or put each sheet in a page protector.
- Children will roll a dice and cover the color that matches that number. (Cover with bingo chips, playdough balls, etc.)
- If you roll a number that has no colors left, roll again.
- Keep going until everything has been covered.
- Note: Look at what the item is **MOSTLY** made of.
