**Great for  
literacy centers,  
partner work,  
small groups,  
peer tutoring, or  
early finishers!**

# Sensory Bins

**Give your students the opportunity to explore and learn through hands-on tactile play that engages their senses!**

# Hands-On

**Practice fine-motor skills,  
hand-eye coordination,  
social skills, creativity, and  
have wagon-loads of fun  
through play!**

# Games

**Bring some fall fun to your math centers! Students can choose which number puzzle to build using dice games, cubes, number cards or tally mark sticks!**
