Instructions-BINGO

1. Give the student a card and a set of counters or Play Doh.
2. With the student, look at the pictures on each card and name them. (The name for each picture is included at the bottom of the card).
3. Call out a letter sound using the calling cards, by saying for example, "Find the picture that starts with the 's' sound".
Use the letter sound not the whole word.
4. The student selects a picture on their card that starts with the same beginning sound that has been called and covers it.
5. Ensure the student has covered the correct picture (e.g. 't' for 'tiger' or 'tent'). There are two pictures for every sound. Students can cover one picture at a time or every picture for the given sound.
6. Continue steps for each letter sound in until a student calls "Bingo!" when they have covered all pictures in a row, vertical or horizontal.

Write The Room

Directions for Use:

- Print out each page. I recommend using cardstock.
- You can laminate the pages so they last longer, or you can use them as is.
- Place cards around the room.
- Give students clipboard and pencil and have them walk around the room to find the cards.
- They'll match the numbers to the number on their card and record on the recording sheet.
