

Elements of ART

TEXTURE

TEXTURE

Texture adds depth, motion and interest to art.
Texture is the way an object feels or the way it looks like it feels. There are two kinds of texture.

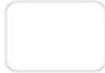

1D texture is the way that something looks like.
Lines, shapes, value and form can be created the illusion of texture.

TEXTURE

Texture adds depth, realism and interest to Art.

Texture is the way an object feels or the way it *looks like* it might feel. There are two types of texture.

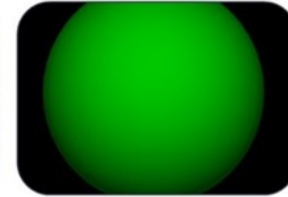

2D texture is the way that something might feel.
Lines, shapes, value and form can all create the illusion of texture

3D texture is the way an object actually feels.
We can feel this on forms like sculpture or pottery.
