4 Levels

Elapsed Time Word Problems Solve & Draw Task Cards

Directions

Elapsed Time Word Problems Solve & Draw Task Cards are an easy way to make elapsed time review work or practice more engaging. This includes 32 Task Cards that are intended to be a challenge or review activity. Four leveled sets of 8 task cards are included so you can differentiate. Each level includes calculating elapsed time, start times, and end times.

Set 1 (Star): Level 1

Times to the hour and half hour

Set 2 (Cat): Level 2

Times include to the hour, half hour, and fifteen minutes

Set 3 (Pandas): Level 3

Includes to the minute calculations

Set 4 (Alien): Level 4

Includes multi-step to the minute calculations

How Solve & Draw Task Cards Work:

Students read the elapsed time word problem, find the solution, and add to the drawing based on their answer. Each leveled set includes a drawing page and 8 task cards. You also receive a full color version of the drawing page – perfect for projecting onto an interactive whiteboard and having students take turns drawing on as you correct the work! Task cards are included in both color and black-and-white. An answer sheet with workspace is provided and may be copied on to the back of the drawing or printed separately.

Drawing prompts require a student to use multiple skills:

- Reading word problems carefully and determining the steps and calculations needed to solve
- Calculating elapsed time, start time, and end time
- Converting between minutes & hours
- Time in multiple formats (digital, hours and minutes, words)

PREVIEW

1. Students solve the elapsed time problems using the task cards and answer sheets.

2. Students add to the drawing as directed by their answer on the task card.

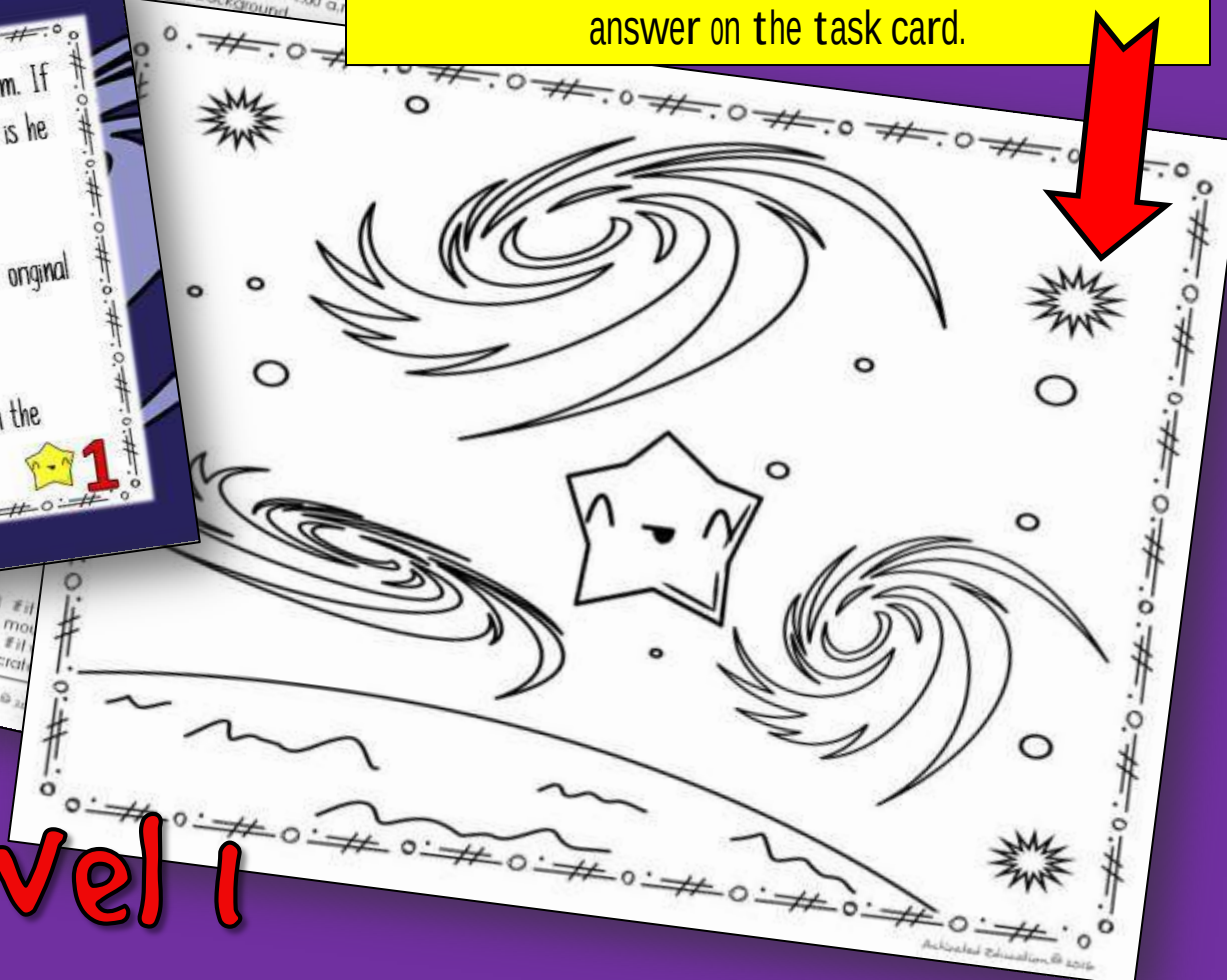

Logan makes pancakes for breakfast. He starts at 7:30 a.m. If it takes him 30 minutes to make the pancakes, what time is he finished?

☐ If he will be done at 8:30 a.m., draw a nose on the original star.

☐ If he will be done 8:00 a.m., draw a mustache on the original star.
