Home page

When students open the home page, they will see a map of the United States with images of the women. To get to the other clues, they will need to click on the images of the women. When they scroll over a link, the hand icon will show up and it will be clickable. Note: If you aren't seeing the hands, check your browser! Google Chrome doesn't always display the hands, depending upon which version you are using. Firefox and Safari work better for this activity. If you have no option other than Chrome, just tell students to click on the women.
