

MULTI-STEP EQUATIONS ACTIVITY BUNDLE

Seasonal Themed Practice!

SOLVING MULTI-STEP EQUATIONS DIGITAL STATIONS ACTIVITIES-HALLOWEEN EDITION

Welcome to your digital station activity! Each slide has a unique activity designed to help you practice different skills related to solving multi-step equations.

Here's what you need to do:

- Read the Directions: Carefully read the instructions on each slide before beginning the activity.
- Complete the Activity:
 - Some slides will have activities that you can complete directly on the slide.
 - Other slides will have links that take you to external activities. Once you finish those activities, you will receive a code. Be sure to return to the slide and enter the code in the designated spot.
- Work at Your Own Pace: Move through the stations in order, and make sure you fully complete each one before moving on.

Remember, each station helps you practice and build the skills needed to master solving multi-step equations. Follow the instructions closely and have fun learning!
