HOW TO USE

- Students can use the "Build a CVC Word Mat" by placing a CVC picture card on top of the large square and either using letter manipulatives or a dry erase marker to build the word. (This can be modified by using a picture card with the CVC word on it or by completing part of the word for the student and having them identify the missing beginning, middle or ending sound.)
- Students can use the "Build and Write a CVC Word Mat" by placing a CVC picture card on top of the large square and either using letter manipulatives or a dry erase marker to build the word. Then (if laminated), they can use a dry erase marker to write the word in the lines provided. Otherwise, they can use a pencil, crayon, or marker to write the word directly on the paper.

Students can use the "Beginning Letter Letter Mat" by placing a letter manipulative or writing a letter in the small square. Then, students can use the miniature or word cards to sort the cards in with that letter onto the mat.

Students can use the "Beginning Letter - Sorting Mat" by placing a two letter manipulative or writing a letter in each small square. Then, students sort the mini CVC picture or word cards according to the beginning letter sounds in each square.

Students can use the "CVC Picture Cards" to match beginning letter sounds, play "go fish" or memory games, match to the correct CVC word etc.

Students can use the "Beginning Letter - Clip Cards" by looking at the picture and determining the correct beginning letter sound for that word. They can place a clothespin or small object on the correct beginning letter. You can use the correct CVC word to the back of the card for self checking.

Students can use the "Beginning Letter and the Missing Letter Cards" by looking at the picture and either writing or using letter manipulatives to correctly identify the beginning letter sound and the missing letter. If the cards are laminated, students could also use a dry erase marker.

Students can use the "Answer / Sorting CVC" by beginning letter sorting the cards. It can also be used as an answer key for the "Beginning Letter and the Missing Letter Cards". Use these to play and practice word.

Comes with instructions, table of contents and a B&W set!
