Café Style Punch Cards

Single hole punchers come in many different varieties with stars, hearts, circle etc.

Sample Pages

Very easy to carry around with you while the students are working and when they are complete you can use them to go into a raffle box, or simply earn a reward of some kind.

These can be taken home as 'brag' cards too, to share with parents and friends. Best printed back to back with name sheet on heavy card stock.

No cost reward cards

These can be used in conjunction with the café style cards, or any behaviour programme that may have put in place.

They work well with a point card prizes system. Students can collect these and cash them in to use at any time that is suitable to the running of your class timetable.

They work well in conjunction with a class currency system, where you can 'buy' cards with their reward money to be cashed in and used at a suitable time.

They work well on their own as a stand alone reward card to take home to show carers and friends.

IWB helper for the day.
Your job is to help out
whenever the teacher
needs a technician.

Well done

You are table captain for
the day.

Awesome

Sit on a chair at mat time.

Resources to check For Understanding and Behaviour Monitoring

Sample Pages

- Traffic light monitoring works well, you can use name tags, or have pegs with the students names on them to indicate where they are sitting on the levels chart.
- Simply laminate the charts (they are great in A3 size) and write the students names in with a whiteboard pen.

Quick tool to check understanding

Make up a class set by printing off and laminating back to back. Students can display by leaving on their desk or holding up to indicate their level of understanding or need for support. A very visual checking tool for teachers to have in their resource kit.

TIME OUT (REFLECTION)

- Think about your choices.
- Time to work on better decisions.
- Time away from the classroom.

REMINDER

- Think about your choices.
- Time to work on better decisions.

GREAT WORKERS

- Making good choices.
- Organised workers.
- Cooperative team members.
- Congratulations!!!

REMINDED

- Think about your choices.
- Time to work on better decision
