

Snow Globe Keepsake Craft

Materials:

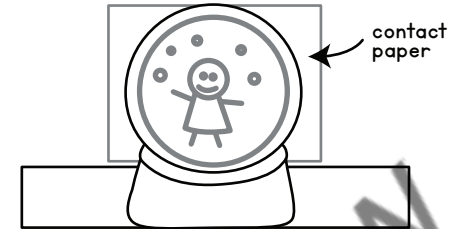

- * your photo or a drawing of yourself
- * contact paper (you can also use laminator)
- * scissors
- * glue
- * optional white paint for painting snow or paper scraps, glitter or other materials to make snowflakes

Steps:

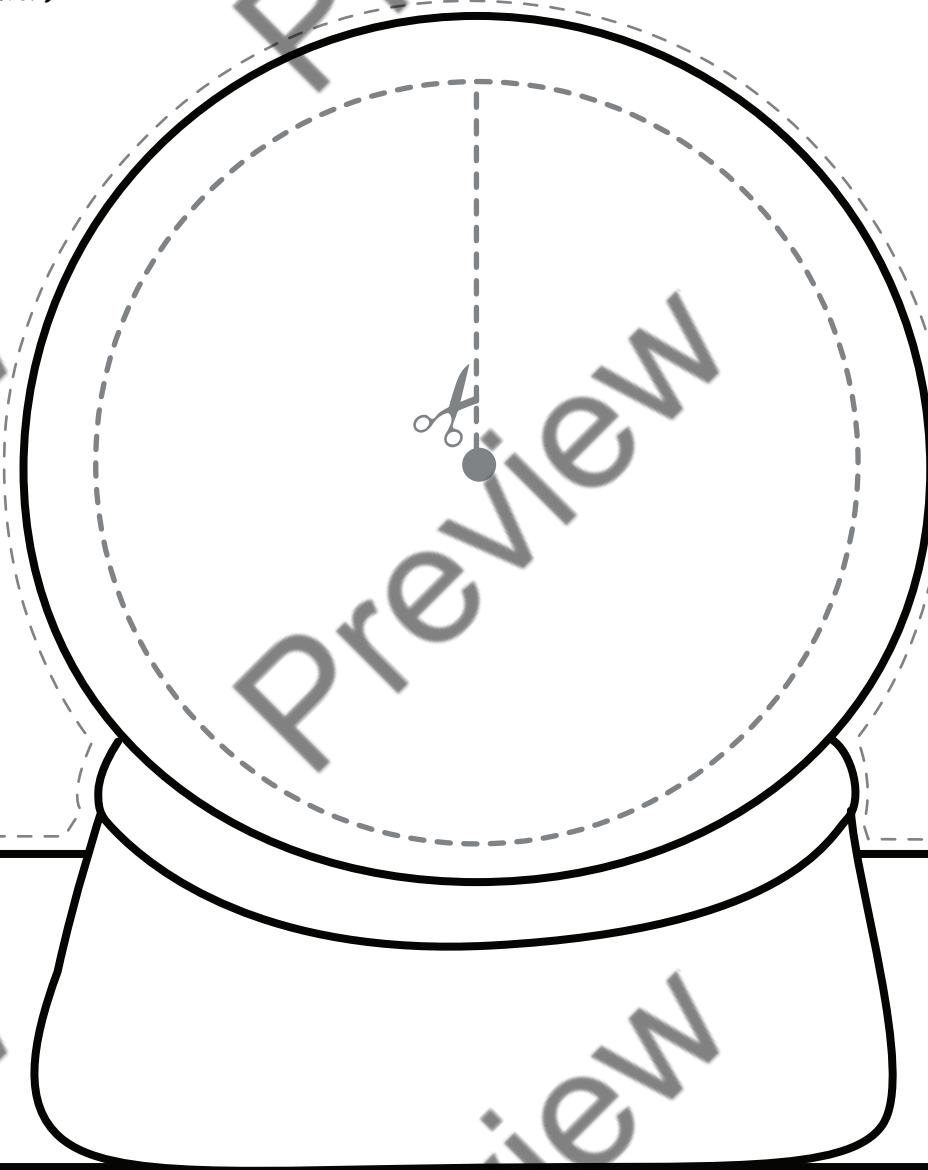

1. Optional: color the snow globe.
You can also write your name or a note.
2. Cut out the inner circle (dashed lines)
Start at the dot located at the center of the circle and work your way around.

3. Stick contact paper on the back of the template – covering the circle part of the snow globe.

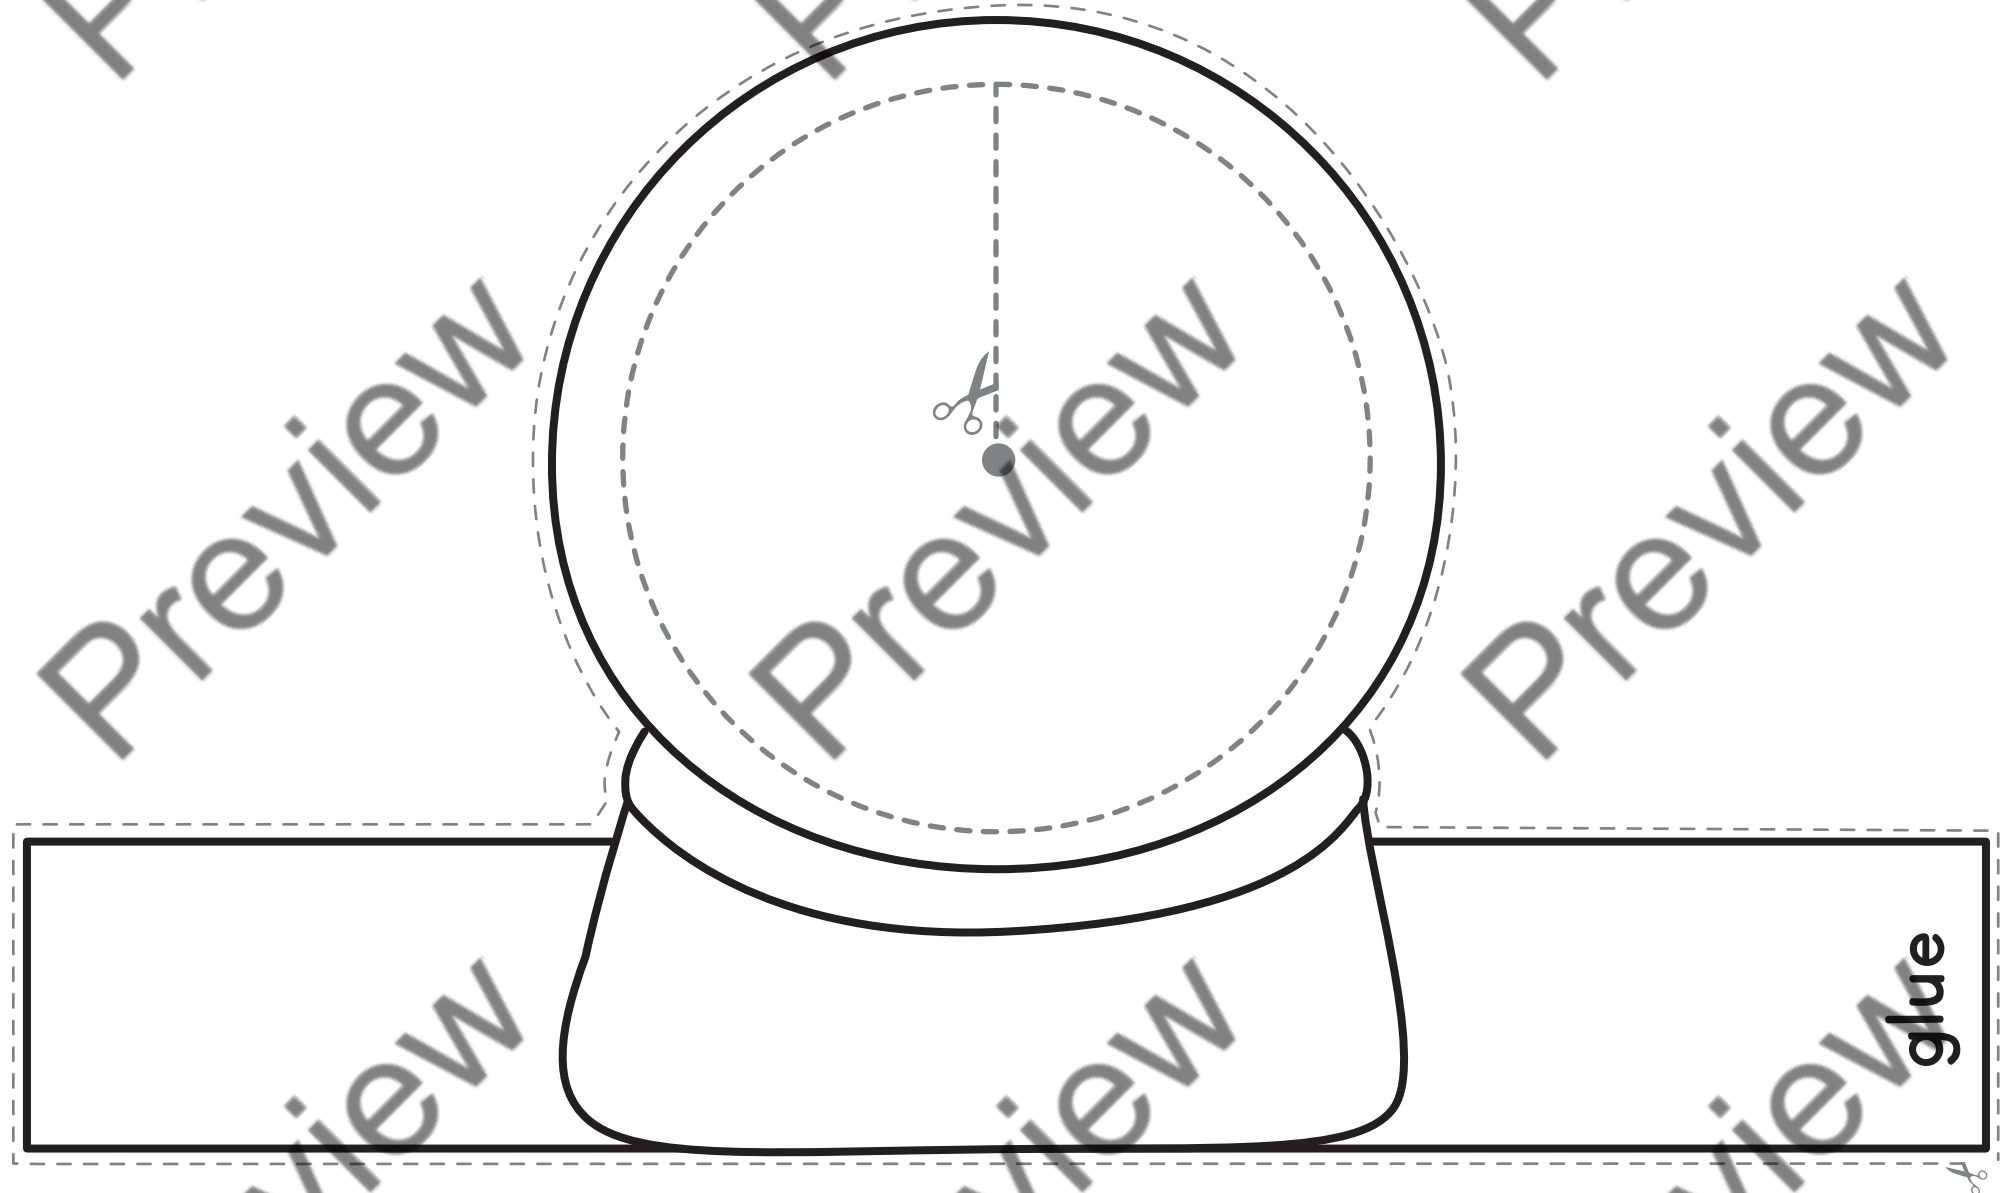

You can also use laminating pouches, secure the globe inside the pouch by applying glue (glue stick) one the globe.

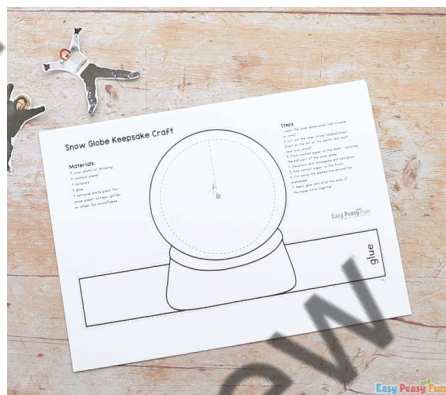

4. Decorate your snowglobe and add photo.
You can paint the snow with a paintbrush and make snowflakes with your fingertips.
5. Cover the top with contact paper.
6. Cut along the dashed line around the snowglobe.
7. Apply glue across the word glue and stick the ends of the paper strip together to make the snow globe stand on it's own.
If you laminated your globe, use stapler instead of glue.

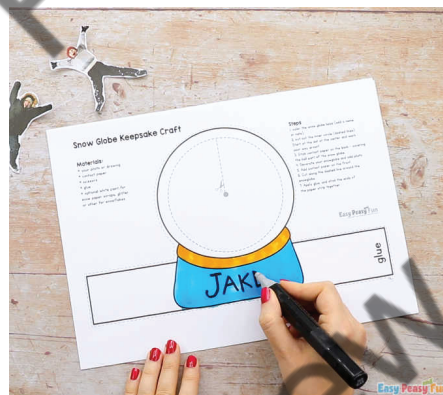

Snow Globe Keepsake Craft

Print out the template. Regular print paper is OK, construction / heavier print paper is better.

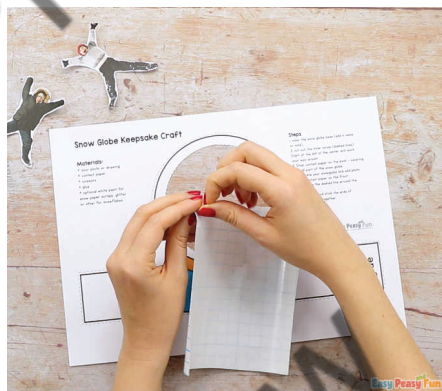

Let your students decorate the snow globes. They can write their names on the globe as well.

Cut out the circle inside the show globe.

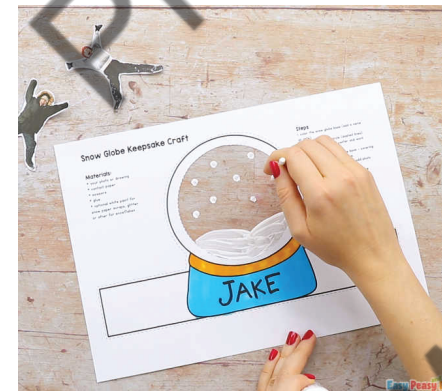

Take a sheet of contact paper slightly larger than the hole and stick it at the back of the template.

The inside of the globe should be sticky contact paper.

Decorate the background of your globe. A snow hill or snowflakes are both great.

★ Alternatively, you can also use laminating pouches instead of contact paper. Secure the template inside the pouch by applying glue (stick glue) on the back of the template and sticking it on the pouch.

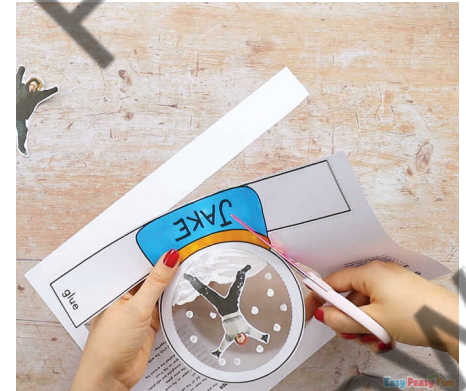

Add a photo inside the globe.

Cover with contact paper, or, if you used laminating pouches, laminate.

Cut out the snow globe (cut along the dashed line).

Apply glue on the paper strip (skip this if you laminated).

Stick the two ends together. If you laminated your snow globe, use a stapler to staple the ends together.
