How to Play

Shuffle Cards

Deal 7 cards to each player.

Place the remaining cards face down. Turn over the top card on the pile to start the game. (Note: If the first card turned over is a special card, return it to the pile and draw a question card.) The first player looks at their cards and must put down a card that matches the question on top of the discard pile in either color or Christmas symbol. For example, if the question is a yellow Christmas tree, the player may put down any yellow card or any card with a Christmas tree symbol.

Before discarding their card, players must answer the question on the card. If they cannot answer the question, they must skip their turn. They may also use special cards. If a player does not have any matches or special cards, they must draw a card from the pile. The first player to get rid of all their cards wins.

Special Cards

Draw 2 – The next player must draw two cards at the beginning of their turn.

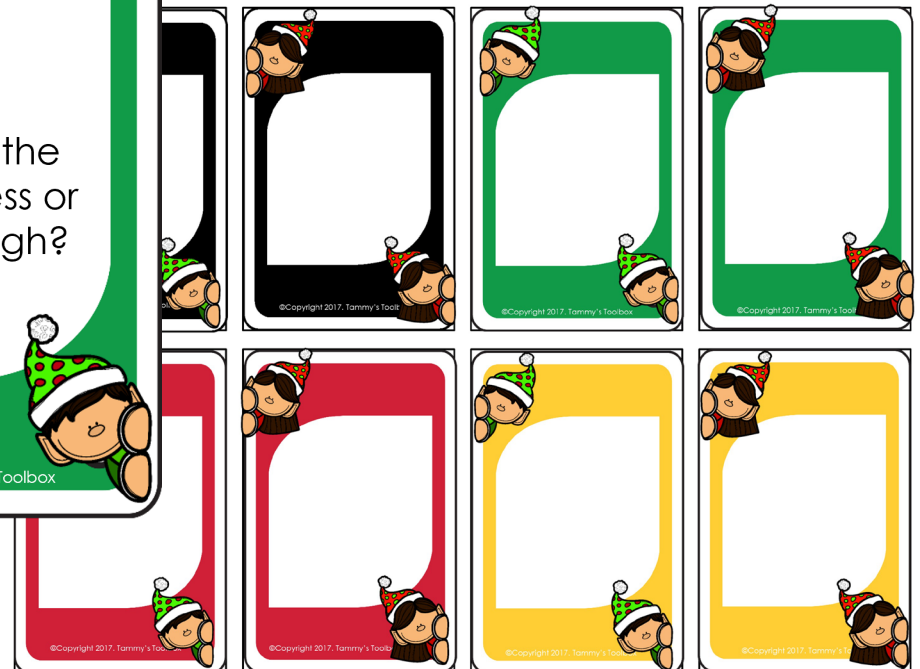

Skip – Skips the next player.

Wild – Can be used for any color or symbol. When discarding a wild card, the player chooses the color or symbol that is in play.
