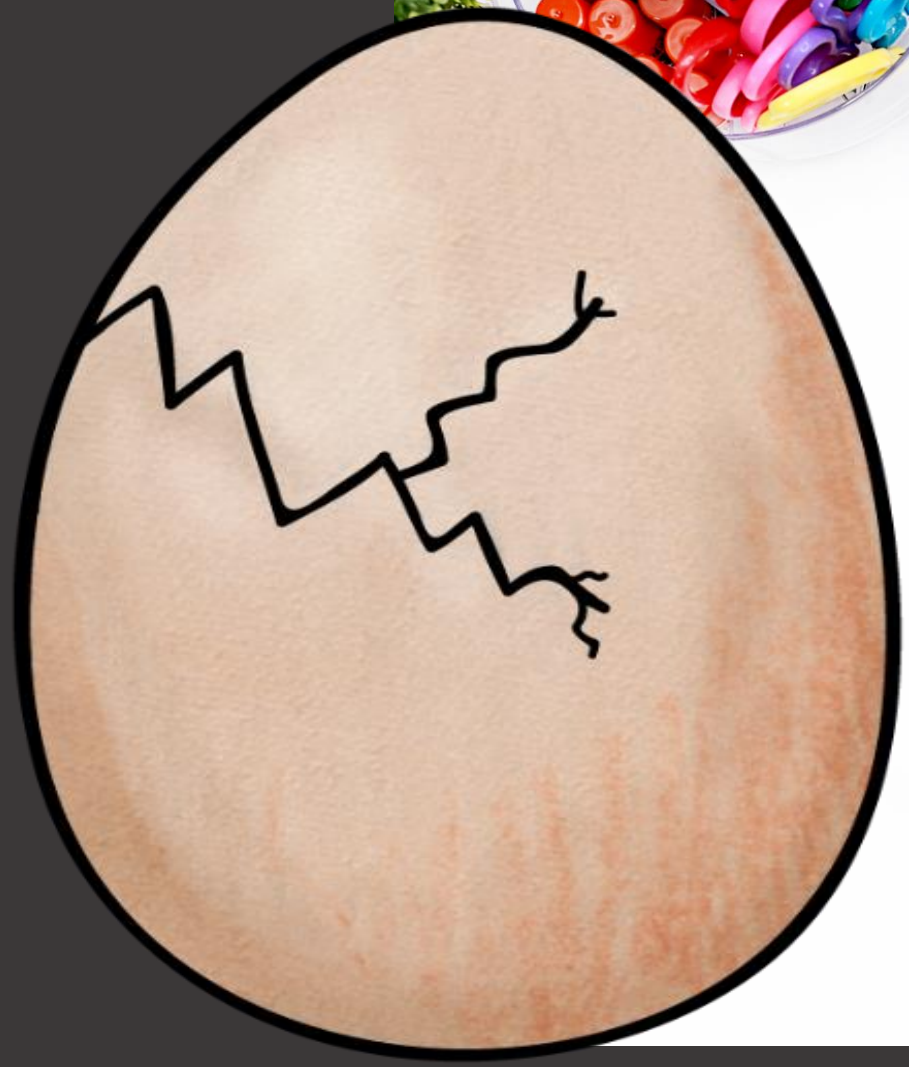
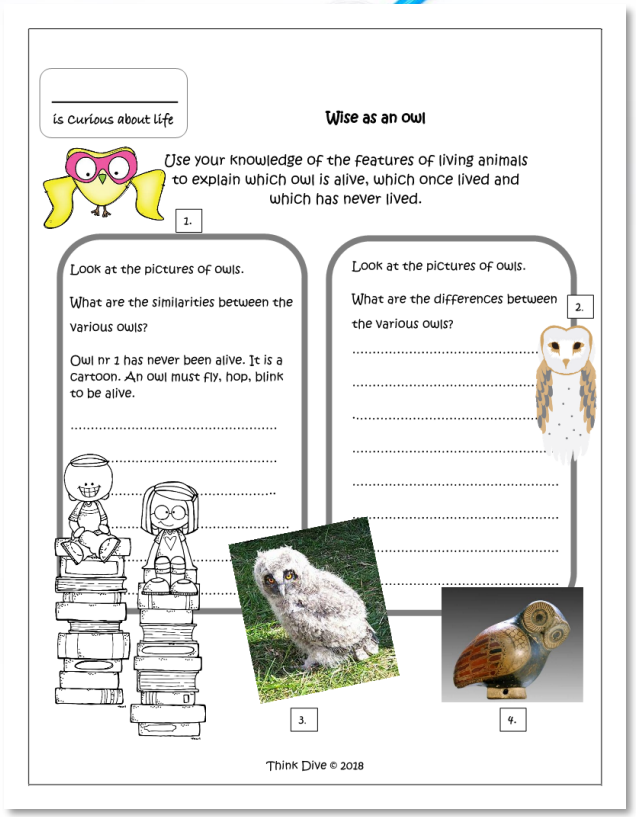
LIVING & NON-LIVING





_____ is curious about life

Wise as an owl

Use your knowledge of the features of living animals to explain which owl is alive, which once lived and which has never lived.

1.

Look at the pictures of owls.

What are the similarities between the various owls?

Owl nr 1 has never been alive. It is a cartoon. An owl must fly, hop, blink to be alive.

- Living-Non-Living Units
- Centers
- Independent Work
- Creativity Challenges
- Distance Learning
- Easel Activities included

REVIEWS

“Lots of variety in ways to explore living and non living! I especially like that it has an opportunity for students think about and discuss "is alive, was alive, and was never alive" with different examples of the same subject.”

“Such a great resource that includes wonderful graphic organizers with such a great variety of open-ended questions. This would be a fantastic addition to any living/non-living unit! Thank you!”
