**Color
& cut!**

HOW TO USE

- Students can use the "Build a CVC Word Mat" by placing a CVC picture card on top of the large square and either using letter manipulatives or a dry erase marker to build the word. (This can be modified by using a picture card with the CVC word on it or by completing part of the word for the student and having them identify the missing beginning, middle or ending sound.)
- Students can use the "Build and Write a CVC Word Mat" by placing a CVC picture card on top of the large square and either using letter manipulatives or a dry erase marker to build the word. Then (if laminated), they can use a dry erase marker to write the word in the lines provided. Otherwise, they can use a pencil, crayon, or marker to write the word directly on the paper.

Students can use the "Middle Letter Sounds Mat" by placing a letter manipulative or writing a letter in the small square. Then, students can use the mini picture or word cards to sort the cards by middle letter sound onto the mat.

Students can use the "Middle Letter Sounds Missing Mat" by placing a two different letter manipulatives or writing a letter in the small square. Then, students can sort the mini CVC picture or word cards according to the middle letter sounds in the square.

Students can use the "CVC Picture Cards" to match middle letter sounds, play "go fish", play memory games, match to the correct CVC word etc.

Students can use the "Middle Letter Sounds Cards" by looking at the picture and finding the correct middle letter sound word. They can then place a pin or small object on the correct letter. You can glue the correct word to the back of the card for self

Students can use the "Middle Letter Sounds Missing Letter Cards" by looking at the picture and either writing or using a letter manipulative to correctly identify the missing middle letter sound and complete the word. If laminated, students could use a dry erase marker.

Students can use the "Answer / Sorting CVC Cards" by matching the letter sorting cards with the letter sorting cards by middle letter sound. These can be used as an answer key or for a matching game. Use these to play a matching game and practice word

Comes with instructions, table of contents and a B&W set!
