

WINTER ADDITION

Addition to 10

Pre-K & Kinder Activity

WINTER Addition Center

How do I use this?

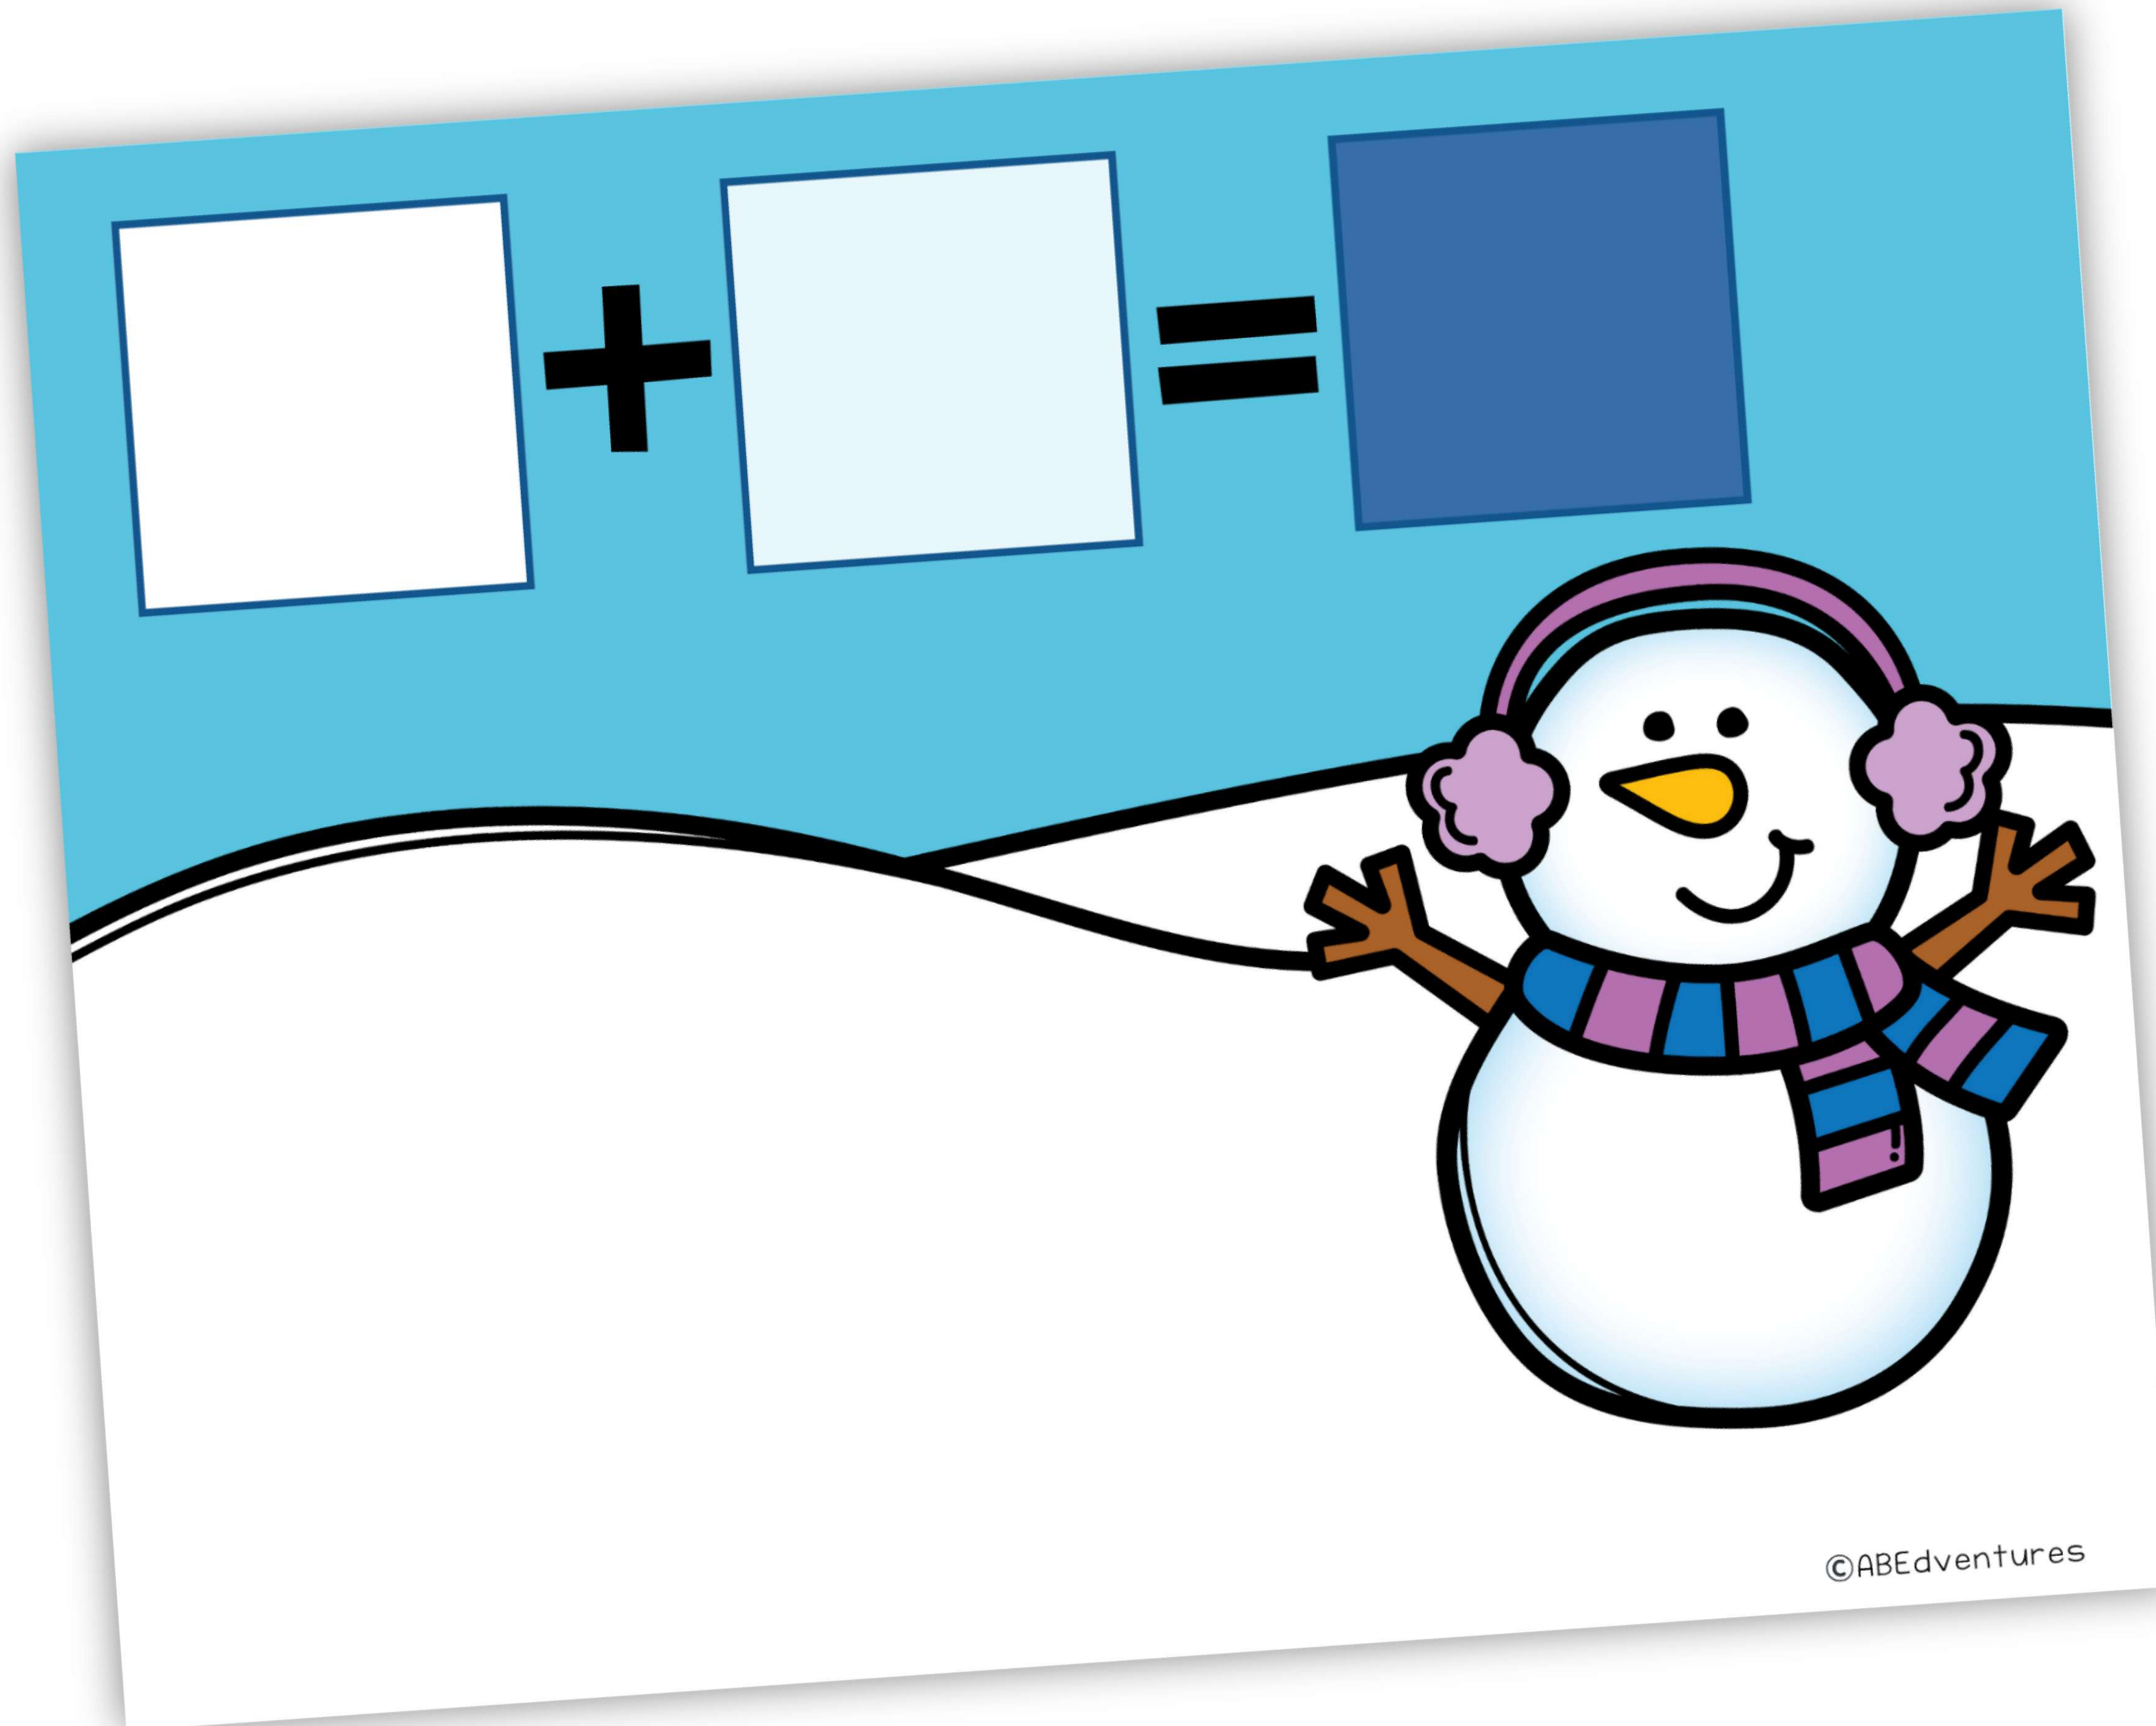

- Print, cut, & laminate the cards & mats. Place manipulatives in the center.
- Children will grab number cards (one white and one light blue) and add using the manipulatives. Then they place the correct answer card (dark blue).
- Differentiate by using the image cards or only going up to a specific sum. The activity goes to 10, but your child/ren may only be ready for 5.
- Interested in the no prep curriculum? Shop on [TPT](#) or [ETSY](#).

WINTER ADDITION

How it works:

- 1: Download & print.
- 2: Laminate & Cut
3. Kids choose one card of each color and add the numbers using cotton balls.
