Lines of Symmetry Game Directions

1. Mix up the cards.
2. Player 1 turns over one card. Both players solve the card. Players can check each other's answers using the key.
3. If player 1 is correct, he/she gets to draw one line of symmetry on a shape on the game board. If player 1 is correct, but player 2 is not, player 2 gets to draw one line of symmetry on a shape on the game board.

Make it a Game

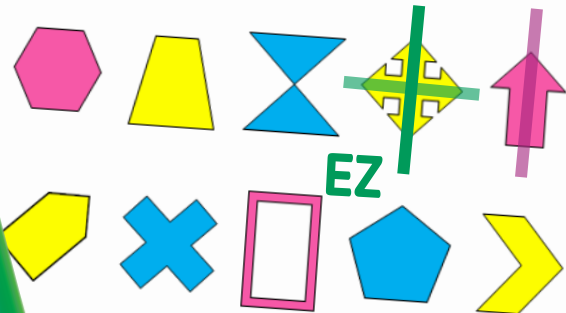

Use the included game cards to use the task cards to play a fun game!

Lines of Symmetry Game Directions

1. Mix up the cards.
2. Player 1 turns over one card. Both players solve the card. Players can check each other's answers using the key.
3. If player 1 is correct, he/she gets to draw one line of symmetry on a shape on the game board. If player 1 is not correct, but player 2 is, player 2 steals the turn and gets to draw one line of symmetry on a shape.
4. When a player draws the last line of symmetry on a shape, he or she gets 10 points.
5. Play until all of the cards have been solved. The player with the most points is the winner!
