MONTH 9
Week 4

Letter of the Week	Review Short Vowels	Review/Repeating Activities
Sight Words	Review	REVIEW OF SKILLS
Math	Review Skills	

©All Rights Reserved 2024: ABEdventures

Included Skills

WHY ARE WE LEARNING THIS?

• Big and Small: Learning the concept of big and small helps children understand size comparisons, an essential cognitive skill for math and science.

• More and Less: Understanding more and less is an early introduction to the concept of quantity comparison, which is fundamental in math.

• Which is different?: This activity enhances visual discrimination and critical thinking by encouraging children to compare objects and identify differences. It also improves attention to detail, which is essential for tasks like reading and sorting.

• Identifying and Drawing Shapes: Identifying and drawing shapes enhances shape recognition, a key component of geometry. It also improves fine motor skills.

• Patterns: Recognizing and creating patterns develops cognitive skills like sequencing and prediction, which are important for math and problem-solving.
