Five Themes of Geography

Salting the roads reduces ice and makes driving safer, but it can also contaminate water and harm wildlife.	The North Pole's latitude is 90° N.	Every winter, thousands of people migrate south to Florida to escape the cold, earning them the nickname "snowbirds."	The Rocky Mountains are known for their snow-covered peaks and popular winter ski resorts.
Montreal, Canada is approximately 393 miles northeast of Buffalo, New York.	Lapland, Finland, is famous for its reindeer, northern lights, and Santa Claus Village.	Many houses in cold climates are built with steep roofs to prevent snow from piling up and causing damage.	Addresses zoned within the township receive municipal snow plowing services.
Siberia is known for its harsh, icy landscapes and some of the coldest recorded temperatures on Earth.	Norway, Denmark, Sweden, and Finland are all considered part of Scandinavia.	Warm winter coats and boots are shipped from factories to stores worldwide before the cold season begins.	Cities install underground heating systems on sidewalks to prevent ice buildup and reduce the risk of slipping.
Students and teachers alike check for texts, emails, or news reports announcing snow days and inclement weather delays.	Artificial snow production for ski resorts consumes large amounts of water and energy, which can strain local water supplies.	Mount Everest can be found at 27.9881° N, 86.9250° E.	Areas in the Northeast U.S. are frequently hit by powerful winter storms called nor'easters

Directions: Read each statement and determine if it is an example of **location, place, region, human-environment interaction, or movement**. If correct, your answer box will turn green and a piece of the image will be revealed. If incorrect, the box will turn red. After all questions are answered correctly, unscramble the words/letters in the image to complete the secret message.

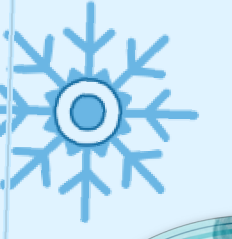

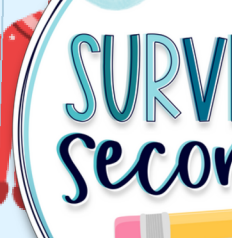

Points 16/16

Unscramble to reveal the punch line! Each a different word (ex. mugs make one w snowflakes make another).

What did the penguin get for winning the race?

(c) Surviving in Second

SURVIVING in
secondary

WHY WILL YOU (AND YOUR STUDENTS) FALL IN LOVE WITH THIS RESOURCE?

- ✓ Self-checking
- ✓ Motivating & engaging
- ✓ No-prep
- ✓ Sub plan-ready

Answer key included!
