Plus a Summer Review Packet

- This workbook is part of a larger curriculum bundle. The curriculum builds in skill development/rigor and reviews previously learned skills to reinforce learning. If you would like to purchase the bundle it can be found in my shop!
- Utilize the curriculum map to see the monthly skills. The plan is also broken up by weeks within the workbook to help you set a Focus For each week.
- The idea is to do a few pages per day M-TH and then use Friday to Finish and review to start the next week Fresh! I purposely make weeks 1 & 2 a bit heavier each month so that you can make sure you are caught up and ready to start each month Fresh & you can add activities that your child/children may need additional practice with. As always, do what works for your children. The full curriculum includes literacy & math items separate and blank curriculum plans and weekly goals for your convenience.
- Introducing the alphabet and numbers does go quickly in this curriculum because most children have been exposed to these. If your child has not mastered these skills and is struggling to keep up, you may want to slow down or try starting with my Preschool Curriculum.

ap all of the sight word flash cards and continue to mastered. About halfway through, the curriculum will readable sentences and include sight words from the curriculum. These will continue monthly and get more difficult all introduced.

Please IF you see a mistake or have any questions or
to help! As with any small business, I cannot thank you
ing me and would appreciate a review to help me continue
& families.

- **Reading Comprehension-** Reading comprehension passages help children develop critical thinking and the ability to understand and recall details from a text. By practicing skills like identifying key ideas, making predictions, and answering questions, children build a strong foundation for deeper learning. In first grade, strong comprehension skills allow them to read longer texts with confidence and begin analyzing stories for meaning.

- Digraphs, where two letters work together to make one sound (like sh, ch, th, and wh), are essential for phonics development. Learning digraphs helps children read and spell more complex words by recognizing common sound patterns. This skill is crucial in first grade, where they will build on their phonics knowledge to read fluently and write with greater confidence.

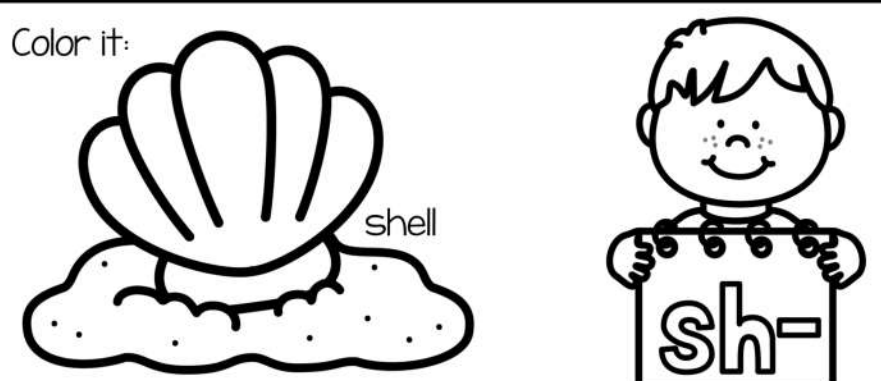

Weekly Focus Pages & PARENT/EDUCATOR GUIDES

Name: _____

Digraph Introductions

Color it:

Spot it:

sh	ch	th	sh	wh	sh
ch	th	sh	wh	sh	th

Spot the images that match the letter sound:

Name: _____

Spring Patterns

Color which picture comes next.

Name: _____

Butterflies Reading Comprehension

Read the story with support if needed. Then answer the follow up questions.

Butterflies are amazing! They start as tiny eggs on leaves. After a while, a caterpillar comes out of the egg. The caterpillar eats leaves and grows bigger. Then, it forms a chrysalis, which is like a sleeping bag. Inside the chrysalis, the caterpillar changes into a butterfly. When the butterfly is ready, it comes out and flies away. Butterflies have colorful wings that are fun to see in gardens.

1. Where do caterpillars come from?

Caterpillars come from _____

2. What do butterflies use their wings for?

Butterflies use their wings to _____

Name: _____

Tom found 3 eggs during the egg hunt. His sister gave him 2 more. How many eggs does he have now?
