- LINK TO GAME WEBSITE
- DETAILED
TEACHER INSTRUCTIONS
WITH CODES FOR LOCKS

Home page

When students open the home page, you will see a header image, a short bit of text, a form, and a photo of the city of Brussels. Clicking on different sections of the image will take students to the other pages with the clues for opening the different locks. As they mouse over the areas that are in red below (they are not red on the actual website), the areas will appear to be lightly shaded.

The home page form is where students will enter the different codes to unlock the keys.

Clue #2

On the second clue page, they will see an image of some poppies in Flanders field. Clicking on one of the poppies will take them to a page with information about the iron harvest. They are looking for the date when the youngest victim of WWII was injured - 07/06/1992 - which will open the date lock.

Oh no! An evil group of henchmen have stolen Belgium's most famous statue – the Mannekin Pis! He's locked up somewhere in the train station – but which station, and which locker? They have made their demands but the Belgian government has hacked their computers and found their list of clues to help them remember the location of the statue and the key to the locker. Can you figure out where the statue is being kept?
