

HALLOWEEN ESCAPE ROOM

THE GREAT CANDY HEIST!

Welcome, Candy Crew!

Oh no! Someone tricky is trying to ruin Halloween by stealing all the candy and hiding the key! It's locked up tight, and the party can't start until they get it back.

Hidden around the room are sweet puzzles, and candy codes just waiting to be solved.

Your mission! Solve each puzzle, crack the codes, and uncover the clues to figure out **the candy**. Only then can you unlock the treasure chest and save the sweets!

It's a race against time. Use your teamwork, brainpower, and candy-sleuthing skills to stop the candy thief and rescue Halloween fun.

Let's go, Candy Crew—Halloween depends on you!

TASK 1

TASK 2

TASK # 5

Using the coordinates in the box below, then look at the right to find the letter that represents the image.

C	D
	
	
	
	

 = T

 = K

 = H

 = E

 = I

 = R

 = A

 = C

B3, A4, B1, A2, B3

TASK # 1

Using the secret alphabet code below. Look at the image, find the matching letter, then write that letter above that picture. Circle the correct picture and write the number on your map.

							
d	e	f	g	h	i	j	k
l	m	n	o	p	q	r	s
t	u	v	w	x	y	z

RIDDLES

TASK # 3

Which picture answers the riddle?
Write the number on your escape map.

I fly at night and sleep all day.
Upside down is how I stand.
I'm not a bird, but I have wings.
I flap around on silent thin wings.

What am I?

TASK # 4

Read the story and determine which letters should replace the X. Unscramble the letters to figure out the correct word below. Write the number on your map.

Oh no! The candy is gone! The bowl was full, but now it is empty. Xhe kids see a trail of red gum. They pick it up and IXok around. Who took the Xweet treats? They follow the patX to find a clue. Can they Xet the candy?

MISSING X

ESCAPE ROOM

F.A.Q.

How long does this activity take to complete?

It really depends on a lot of things. Estimated completion time is 30+ minutes but it's based on the kids' puzzle skills, group size, and age.

How many kids can play at once?

Kids can play individually, with friends, or in large groups. There really is no limit to the number of players.

What if the kids get stuck on one of the puzzles?

First off, let them think for a bit! This is where critical thinking skills come in. If they get stuck, have them ask other students or an adult for hints. Hint cards for 8 of the puzzles are included to help guide adults and students.

Where do kids start?

Kids can start on any puzzles and complete the puzzles in ANY order!

How do you know if their answers are correct?

There is an answer key provided in the PDF.

How do I set up the activity?

Just print and play! Everything you need is included in the download. You don't need locks, envelopes, or anything else. You can hang or hide the puzzles or just spread them on a table.

Do I have to print out the game materials?

Nope! You ONLY have to print out one set of puzzle cards and one escape task map for each group. Just one set of materials all you need! If you want students to write on the worksheets, print a set for each group or student.

Hint Cards

These provide additional information on solving puzzles.

Task #1 CRYPTOGRAM

Use the cryptogram decoder to solve the clue. Your job is to determine which letter each image represents. Each symbol or image represents a letter from A through Z.

Task #4 MISSING X

Read through the sentence and determine which letters are marked with an X. Then, unscramble the word using the decoded letters.

Task #6 ALPHA COUNT

If the clue says A+3, use the alphabet to determine which letter is three spaces AFTER A (A+3=D). If the clue is Z-2, use the alphabet to determine which letter is two spaces BEFORE the letter Z (Z-2=X). Do not count the letter you start on.

Task #5 POLYBIUS

You will need to look at the coordinates listed in the question. Next, find where those numbers and letters line up or "meet" on the grid. Once you know the IMAGE, look to the right to see what letter that image represents.
