Claim to Fame: What made this explorer famous? _____

Motivation: _____

Discover/Find: _____

Early American Explorers Poster Project

Gain a comprehensive understanding of early American explorers, their journeys, and their lasting impact on history.

As part of this task, you're going to pick an early American explorer from the list below or approved from your teacher. Next, you will create a poster about that explorer via internet research. As you conduct your research, fill in your Explorer Brag Sheet. This graphic organizer will help you organize all the information you will need for your poster and display your information in a visual way. Make sure to include at least 2-3 pictures of the explorer and the part of the project you are working on.

Gallery Walk: For this part of the project you will walk around the room, and read the various posters that you have made. While doing this, you will be taking notes on the Early American Explorers Gallery Walk Reflection Sheet. Each poster is given a number and a box with a question. Answer the questions in the box.
