Letters & Sounds

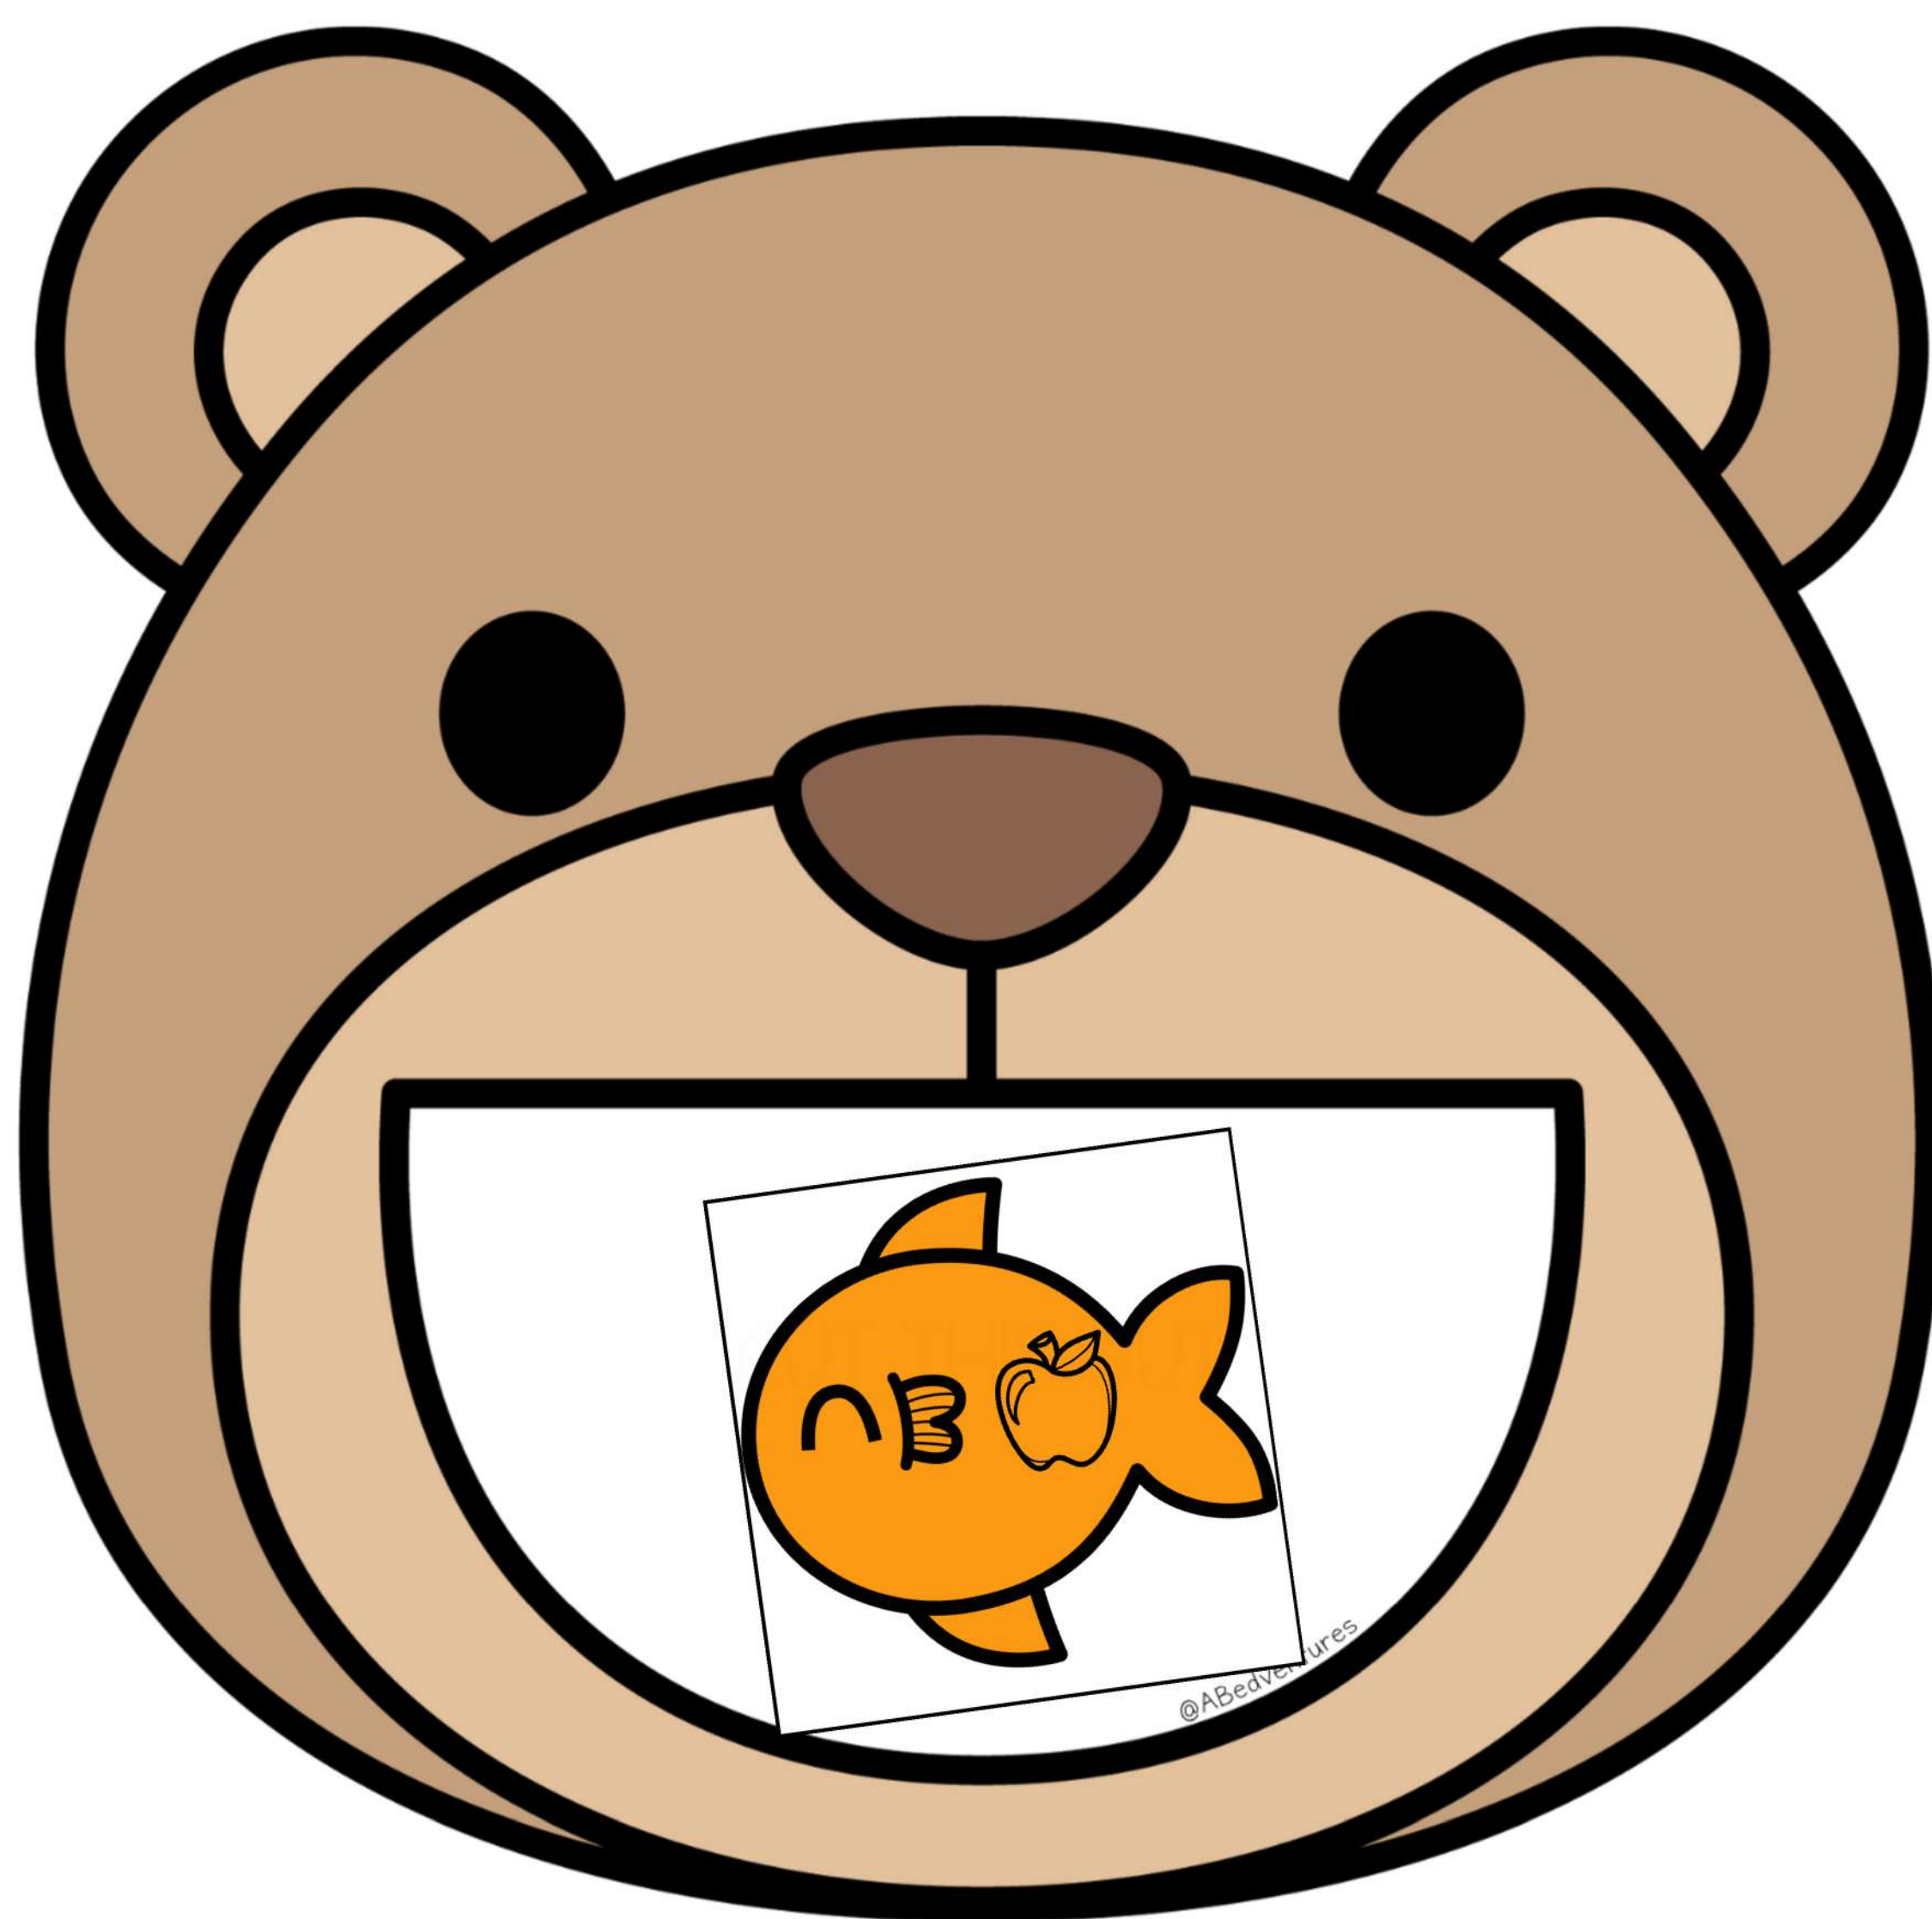

How do I use this?

- Option 1: Cut around the outline, cut the mouth out & glue to a box.
- Option 2: Print on thick cardstock, cut out the mouth, and fold on dotted line to make it stand up.
- Next, cut all pieces of food and recipe cards out. Laminate if you wish to reuse.
- Children will pick one recipe card & find all of the pieces of food to complete the recipe. (You can lay out the pieces or put them in a sensory bin for more fun.)
- Tip: differentiate by only leaving a few letters on each day. This will help it to be less overwhelming if they don't know all of the letters/sounds yet. If you are using my preschool curriculum you have taught all letters/sounds so this should be review.
- The letter sound cards are in order on this document. I have listed the answers for each letter on the last page in case you are unsure what each clip art word is.
