

THANKSGIVING ESCAPE ROOM

OPERATION TURKEY DISGUISE

WITH CRAFT

OPERATION TURKEY DISGUISE!

Oh no! It's almost Thanksgiving, and one clever turkey needs your help to escape the farm before it's too late!

This tricky turkey has a plan—if he wears the right disguise, he can blend in and avoid being the main dish. But the costume pieces are hidden, and you can help him find them!

Your Mission:

Solve each puzzle to collect part of a silly disguise: a hat, glasses, or even a superhero cape! Work as a team, use your best thinking skills, and keep your wits sharp.

Once you've solved all the puzzles, you'll unlock the final costume that will help the turkey sneak out in time!

Can you save the turkey?
Let's find out!

TASK 1

TASK 2

TASK # 1

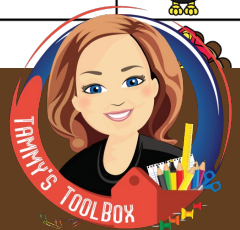

Use the secret alphabet code below. Look at the pictures and find the matching letter, then write that letter next to that picture. Circle the correct picture number on your map.

d	e	f	g	h	i	j
q	r	s	t	u	v	w

TASK # 8

Solve the puzzle by making sure each row and column contain different images. Which picture should go in the circle?

PRINTABLE - GRADES 1 - 4

RIDDLES

TASK # 3

Which picture answers the riddle?
Write the number on your escape map.

I'm tasty, they say, on Thanksgiving Day,
But I'd rather cook than be the entrée!

I wear a tall hat and stir with a spoon.
Guess who's in the kitchen
gobbling a tune?

What is my disguise?

What does a Turkey like to eat?

UNCOVER THE CODE

ESCAPE ROOM

F.A.Q.

How long does this activity take to complete?

It really depends on a lot of things. Estimated completion time is 30+ minutes but it's based on the kids' puzzle skills, group size, and age.

How many kids can play at once?

Kids can play individually, with friends, or in large groups. There really is no limit to the number of players.

What if the kids get stuck on one of the puzzles?

First off, let them think for a bit! This is where critical thinking skills come in. If they get stuck, have them ask other students or an adult for hints. Hint cards for 8 of the puzzles are included to help guide adults and students.

Where do kids start?

Kids can start on any puzzles and complete the puzzles in ANY order!

How do you know if their answers are correct?

There is an answer key provided in the PDF.

How do I set up the activity?

Just print and play! Everything you need is included in your download. You don't need locks, envelopes, or special equipment. You can hang or hide the puzzles or just spread them out on the table.

Do I have to print out the game materials for every kid?

Nope! You ONLY have to print out one set of puzzles. Print one escape task map for each group. Just one set of the actual puzzles is all you need! If you want students to write on the worksheets, then print a set for each group or student.

Hint Cards

These provide additional information on solving puzzles.

Task #1 CRYPTOGRAM

Use the cryptogram decoder to solve the clue. Your job is to determine which letter each image represents. Each symbol or image represents a letter from A through Z.

Task #4 MISSING X

Read through the sentence and determine which letters are marked with an X. Then, unscramble the word using the decoded letters.

Task #6 ALPHA COUNT

If the clue says A+3, use the alphabet to determine which letter is three spaces AFTER A (A+3=D). If the clue is Z-2, use the alphabet to determine which letter is two spaces BEFORE the letter Z (Z-2=X). Do not count the letter you start on.

Task #5 POLYBIUS

You will need to look at the coordinates listed in the question. Next, find where those numbers and letters line up or "meet" on the grid. Once you know the IMAGE, look to the right to see what letter that image represents.
