

RUSSIA

DIGITAL DAILY AGENDA SLIDES

This is a set of 20 daily agenda slides for Google slides - or you could use them in Powerpoint. The background image and box areas are flattened, but the text is completely editable. You can change the text and the font as desired. Use them to send your students daily instructions via Google classroom, or on your projector as an opening graphic for your class.

RUSSIA

DIGITAL DAILY AGENDA SLIDES

Change the date, change the section titles.

Use any font you like from Google fonts.

Add anything you like on top of the background - videos, clip art, etc.
