You are a time traveler from the year 2683. The United States has plunged into a great depression. People are out of work and the economy only seems to keep going downward. You have knowledge of how to fix the depression - and you want to share it with the government in the hopes of changing the timeline that will lead to disastrous consequences for your future society. You've come back in time with your plans, but in order to keep them from falling into the wrong hands they have been locked up with several locks. Crack the codes and you'll be able to unlock the plans!

On the Hoovervilles page, students will see a photo of a soup kitchen line and a form where students will enter the combinations to open the lock.

Hoovervilles

Home page

When students open the home page, you will see a header image, a photo of a soup kitchen line and a form where students will enter the combinations to open the lock.

To get to the other clues, they will need to look closely at the photo while scrolling their mouse over it. There are five links hidden in the letter. When they scroll over a hidden link, the hand icon will show up and it will be clickable.

The links are hidden over the spaces that are blue in the image below. Students will NOT see the blue bubbles, this is just here for you to use as a reference in case you need to give hints to any students who are struggling to get started. Don't tell them where all five are located - just help them find one and they should be able to find the rest on their own!

topics included:
