Teaching Notes

This powerpoint is designed to give students the opportunity to see how each of the letter family groups are formed. By simply clicking on the friendly unicorn, it will demonstrate to the students the correct letter formation. There are blank letters for teacher/student attempts.

If you would prefer to teach the letters in another order then it is simply a matter of rearranging the slides into the order that suits your needs.

The giraffe is a prompt for tall, body and letters that hang down. A visual guide is included to help support this concept. A black and white PDF is included in this resource for low ink printing.
