The Prefix Quest

Professor Lexicon and the Museum Mystery

The invitation arrives without warning. A thick, cream-colored paper stamped with a shimmering golden seal is slipped between the pages of your notebook. A message is written in elegant, cursive letters.

The Grand Museum of Languages Requests Your Help.

Moments later, you are standing in a towering museum hall. Glass cases stretch from floor to ceiling. Glowing words, ancient scrolls, and floating letters spin in the air.

But something isn't right. A sign above the entrance flickers: DO NOT ENTER. Then, it flicks again. DO ENTER. Then, back again.

"Ah, you've arrived," a voice echoes down the hall. Out steps a tall figure with wild silver hair and ink-stained gloves. "I am Professor Veritas Lexicon, Head Keeper of the Word Structures."

Mission 1: The Broken Entrance

The Professor stops in the Entrance Hall. Immediately, something feels strange. You notice more broken signs and confusing meanings as prefixes flicker and falter. LOCK THE DOOR. UNLOCK THE DOOR.

"Exactly as I feared," the Professor sighs. "The prefixes un- and re- have been tampered with. Instructions and warnings are at risk of confusion."

As you set to work restoring the prefixes, a shadowy figure moves quickly across the balcony.

"Who was that?" You ask nervously.

"I suspect that was the saboteur..." the Professor begins, but an eerie voice that comes from the balcony cuts him off. "All word meanings will be erased. You have been warned!"

Prefix Quest SAR Review 3

Reading Passage

Read the passage and identify words with affixes.

The museum opened a gallery dedicated to the evolution of prefixes from **prehistoric** times. For example, the Greek prefix **micro-** means small. It appears in the word **microscope**, an instrument used to see very small objects. Another Greek prefix, **mono-**, means one, as in **monorail**, a railway that runs on a single rail. The exhibition also showed that many prefixes came from **Latin**. The Latin prefix **pre-** means before, which is why **preview** means before being seen. Another Latin prefix, **trans-**, means across, as in **transport**, which means to carry across from one place to another.
