

# SYLLABLE COUNTING CARDS

## SET UP AND ORGANIZATION

PRINT USING THE "SCALE TO FIT/FIT" OPTION. I LIKE TO PRINT CARDS ON CARDSTOCK AND LAMINATE FOR DURABILITY. TEACHER TIP: CUT OUT CARDS PRIOR TO LAMINATING AND CUT LAMINATED CARDS TO CREATE A NICE SEAL AROUND EACH CARD.

IF USING THE FULL SIZE PAGES, I LOVE TO STORE THEM IN A DURABLE CONTAINER THAT HOLDS ALL THE MATERIALS NEEDED AND STUDENTS CAN GRAB AND GO. THE IRIS SLIM PORTABLE PROJECT CASES ARE PERFECT! YOU CAN FIND THEM AT AMAZON AND/OR MICHAELS.

IF USING THE SMALL TASK CARDS, THE SIMPLY TIDY PHOTO AND CRAFT KEEPER IS A GREAT OPTION., ESPECIALLY WHEN YOU HAVE ALL TASK CARD SETS. I LOVE THE RAINBOW CONTAINERS BECAUSE IT ADDS SOME COLOR TO THE MIX. THESE CAN ALSO BE FOUND AT AMAZON AND/OR MICHAELS.

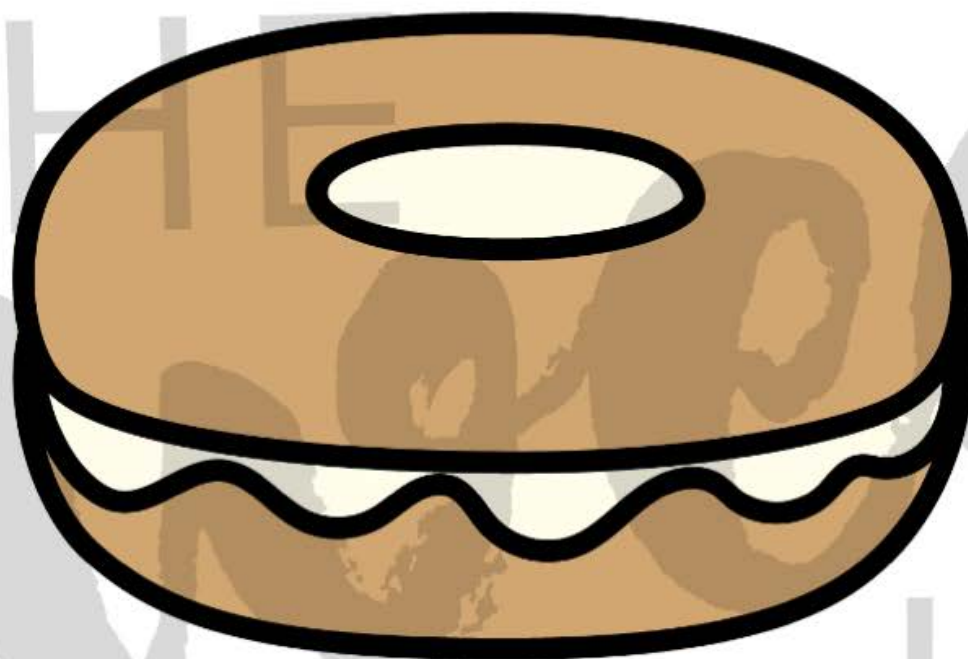

FOR SYLLABLE COUNTING CARDS, YOU WILL WANT TO USE LINKING CUBES, UNIFIX CUBES, OR SOME OTHER SMALL MANIPULATIVE, LIKE MINI ERASERS, GLASS GEMS, COUNTERS, OR COUNTING CHIPS.
