

Read with Speed

PowerPoint Phonics Flash Cards

FLUENCY • DECODING • ACCURACY

PREVIEW FILE

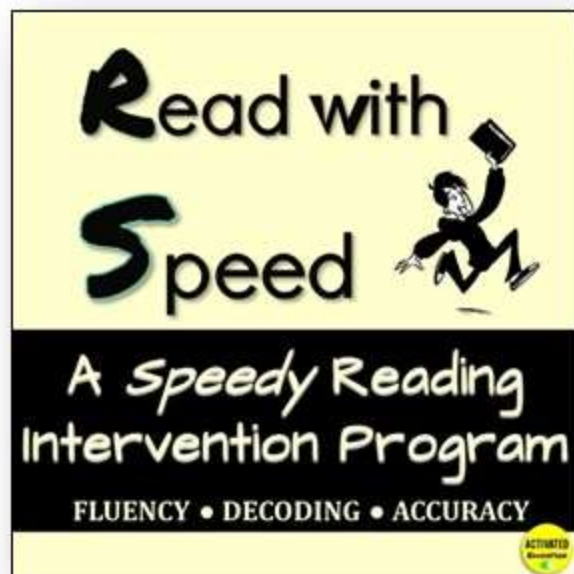

Contents

- Directions Pg 5
- 5 positive slides Pgs 6 – 9
- 97 phonics flash cards! Pgs 11 - 108

PREVIEW FILE

These flash cards were designed to supplement the [Read with Speed Intervention Program](#). If your students are struggling with generalizing phonetic patterns this program can help! Click on the image below to see the full description and preview for Read with Speed.

PREVIEW FILE

Directions

These slideshow flashcards are a supplement to the [Read with Speed Program](#), but may be used with any phonics instruction program. Students should initially read the underlined pattern (phonogram) and then the entire word. This will provide students practice in identifying the phonetic pattern to words. Students can also read the word as a whole for fluency practice.

Easy to use in multiple formats!

- Copy and paste slides from this file in to a new document to create an individualized slideshow for targeted student practice.
- Show on an interactive whiteboard for small group or whole class practice.
- View the slideshow on devices such as iPads using an app (for example, Slideshare)
- Change the slideshow design
 - In PowerPoint, click on the Design tab and choose a premade template or create your own with digital papers
- Change the fonts
 - In PowerPoint, click on the View tab, then click on Slide Master (in Presentation Views group). Click on the master slide thumbnail. In the layout, apply the new font style you prefer and it will change the font on all slides! slide master or layout, click the title text or the level of body text that you want to apply a new font style to.
- Mix up the order of slides (Using the slide sorter option under the "View" tab makes this quick and easy!)
- Include positive slides randomly as encouragement

*Please note that if you accidentally save over this original file you can re-download the file from your My Purchases page on TpT for free, at any time and at any computer. You can also use this page to check for product updates.
