Sharks Reading Comprehension

Read the story with support if needed. Then answer the follow up questions.

Sharks are big fish that live in the ocean. They have sharp teeth to help them eat fish and other sea animals. Sharks use their fins to swim fast through the water. Some sharks are very big, like the whale shark, and some are small, like the dogfish shark. Sharks have to keep moving so they can breathe. Most sharks are not dangerous to people. They like to stay far away from swimmers. Sharks are important because they help keep the ocean clean by eating sick or weak fish. Sharks may look scary, but they are amazing animals!

1. What do sharks use their fins for?
Sharks use their fins to swim fast.

2. Why are sharks important in the ocean?
Sharks are important because they keep the ocean clean.

Summer Opinion Writing

Do you rather go to the pool or the beach?

A cartoon girl with blonde pigtails, wearing a polka-dot swimsuit and a towel, stands on the right side of the page. Below the question is a large rectangular box for writing. At the bottom of the page, there are several sets of horizontal lines for handwriting practice, each consisting of a solid top line, a dashed middle line, and a solid bottom line. A thick yellow diagonal stripe runs from the top left towards the bottom right, partially obscuring the handwriting lines.

Summer ative Writing

about how you spent a sunny day.

Below the title and illustration, there are two sets of primary writing lines. Each set consists of a solid top line, a dashed middle line, and a solid bottom line, providing a space for the student to write their response.

Summer Writing	
How did you spend a sunny day?	How did you feel?
	What did you do?

A cartoon illustration of a smiling pitcher of lemonade. The pitcher is light blue with a yellow body and a smiling face. A slice of yellow lemon is on the handle. A straw is in the lid. The pitcher is positioned over a worksheet titled "How-To Make Lemonade". The worksheet has a "Name:" field and a "First" label for a writing area. The entire scene is framed by an orange border.

Fireflies Reading Comprehension

Read the story with support if needed. Then answer the follow up questions.

Fireflies are special bugs that glow in the dark. They are sometimes called lightning bugs. Fireflies use their light to talk to each other. Their lights can blink fast or slow. Fireflies like to fly around at night when it is dark. You can find them in your yard, parks, or fields. Some fireflies glow yellow, while others glow green. Fireflies do not bite or sting, so it's safe to watch them. If you catch one, be gentle and let it go after a little while. Watching fireflies is a fun summer activity!

1. When do fireflies like to fly around?

They like to fly around

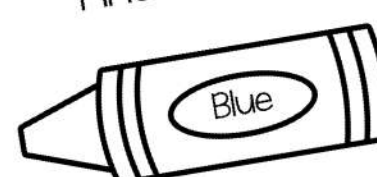

2. What colors can fireflies glow?

They can glow
