24 Beautiful Watercolor Posters in PNG and PDF Formats

Rosalyn Yalow

Stephen Hawking

Each Posters Includes a Short Description of their Accomplishments

Isaac Newton

English physicist and mathematician who formulated the laws of motion and universal gravitation, revolutionizing our understanding of the physical world and laying the foundation for modern physics and calculus.

Wangari Maathai

Kenyan environmentalist and political activist who founded the Green Belt Movement, promoting reforestation, women's empowerment, and sustainable development. She also became the first African woman to win the Nobel Peace Prize.
