Instructions-BINGO

1. Give the student a card and a set of counters or Play Doh.
2. With the student, look at the pictures on each card and name them. (The name for each picture is included at the bottom of the card).
3. Call out a letter sound using the calling cards, by saying for example, "Find the picture that starts with the 's' sound". (Use the letter sound not the name).
4. The student selects a picture on their card that starts with the same beginning sound that has been called and covers it.
5. Ensure the student has covered the correct picture (e.g. 't' for 'tiger' or 'tent'). There are two pictures for every sound. Students can cover one picture at a time or every picture for the given sound.
6. Continue steps for each letter sound in until a student calls "Bingo!" when they have covered all pictures in a row, vertical or horizontal.

Calling Cards

Instructions - PEG CARDS

1. Print the pages (lamine for durability).
2. Cut along the outside lines to create 2 cards from each page (one big picture and three small pictures per card).
3. Collect pegs for each student (or use whiteboard markers on laminated cards).

How to use the cards:

In this activity the student needs to **hear** the sounds as the beginning sounds in words. The student matches words beginning with the same sound.

1. Give each student a set of pegs.
2. Place one card in front of the student.
3. With the student, look at the pictures on the card and name the objects.
4. Ask your students what they hear at the start of the word.
5. The student uses a peg to select the letter that corresponds to the picture from the bottom of the card, e.g. *necklace* start with the 'n' sound. "Place a peg on the letter that starts with the same sound as the picture shown"
6. Check the student has selected the correct picture.
