¡LISTO PARA KÍNDER!

Evaluación

¿CÓMO USO ESTO?

- Esta evaluación está dividida en las diferentes áreas académicas del desarrollo en las que los padres y maestros de preescolar deben enfocarse antes de que el niño(a) comience el Kinder.
- Siga las instrucciones para padres/maestros que se encuentran en el libro de instrucciones para padres/maestros (páginas 1-23). Le recomiendo clonar el cuaderno para padres/maestros en una carpeta con protectores de hojas. De este modo solo necesitará una copia y podrá reutilizarlo cuantas veces sea necesario. Imprima una copia de las hojas de registro (páginas 25-27) y de las hojas de respuestas (páginas 28-29) para cada niño o niña que vaya a evaluar.
- Opcional: Use el registro de metas para colorear las habilidades que cada niño o niña ha alcanzado (página 5).
- IMPORTANTE: Cada niño(a) crece y se desarrolla a su propio ritmo, y es normal que desarrollen determinadas habilidades en momentos diferentes. Estas metas de preparación escolar son solo guías, no requisitos estrictos. Los niños no necesitan dominar cada meta antes de comenzar el Kinder. Lo más importante es el progreso constante, sentir el apoyo de los adultos y crear experiencias de aprendizaje positivas en casa. Con apoyo, práctica y paciencia, los niños crecen como y cuando estén listos.
- Si desea saber cómo ayudar a su hijo(a) en casa después de realizar esta evaluación, le invito a adquirir el "Mini Currículo ¡Listo para Kinder!", que se corresponde con esta evaluación e incluye actividades y hojas de ejercicios para ayudar al niño(a) a alcanzar las metas. También incluye habilidades socioemocionales, habilidades motoras finas y de comportamiento, y habilidades de celebración del aprendizaje y sus logros con el "Kit de

Instructions Book

READY FOR K!

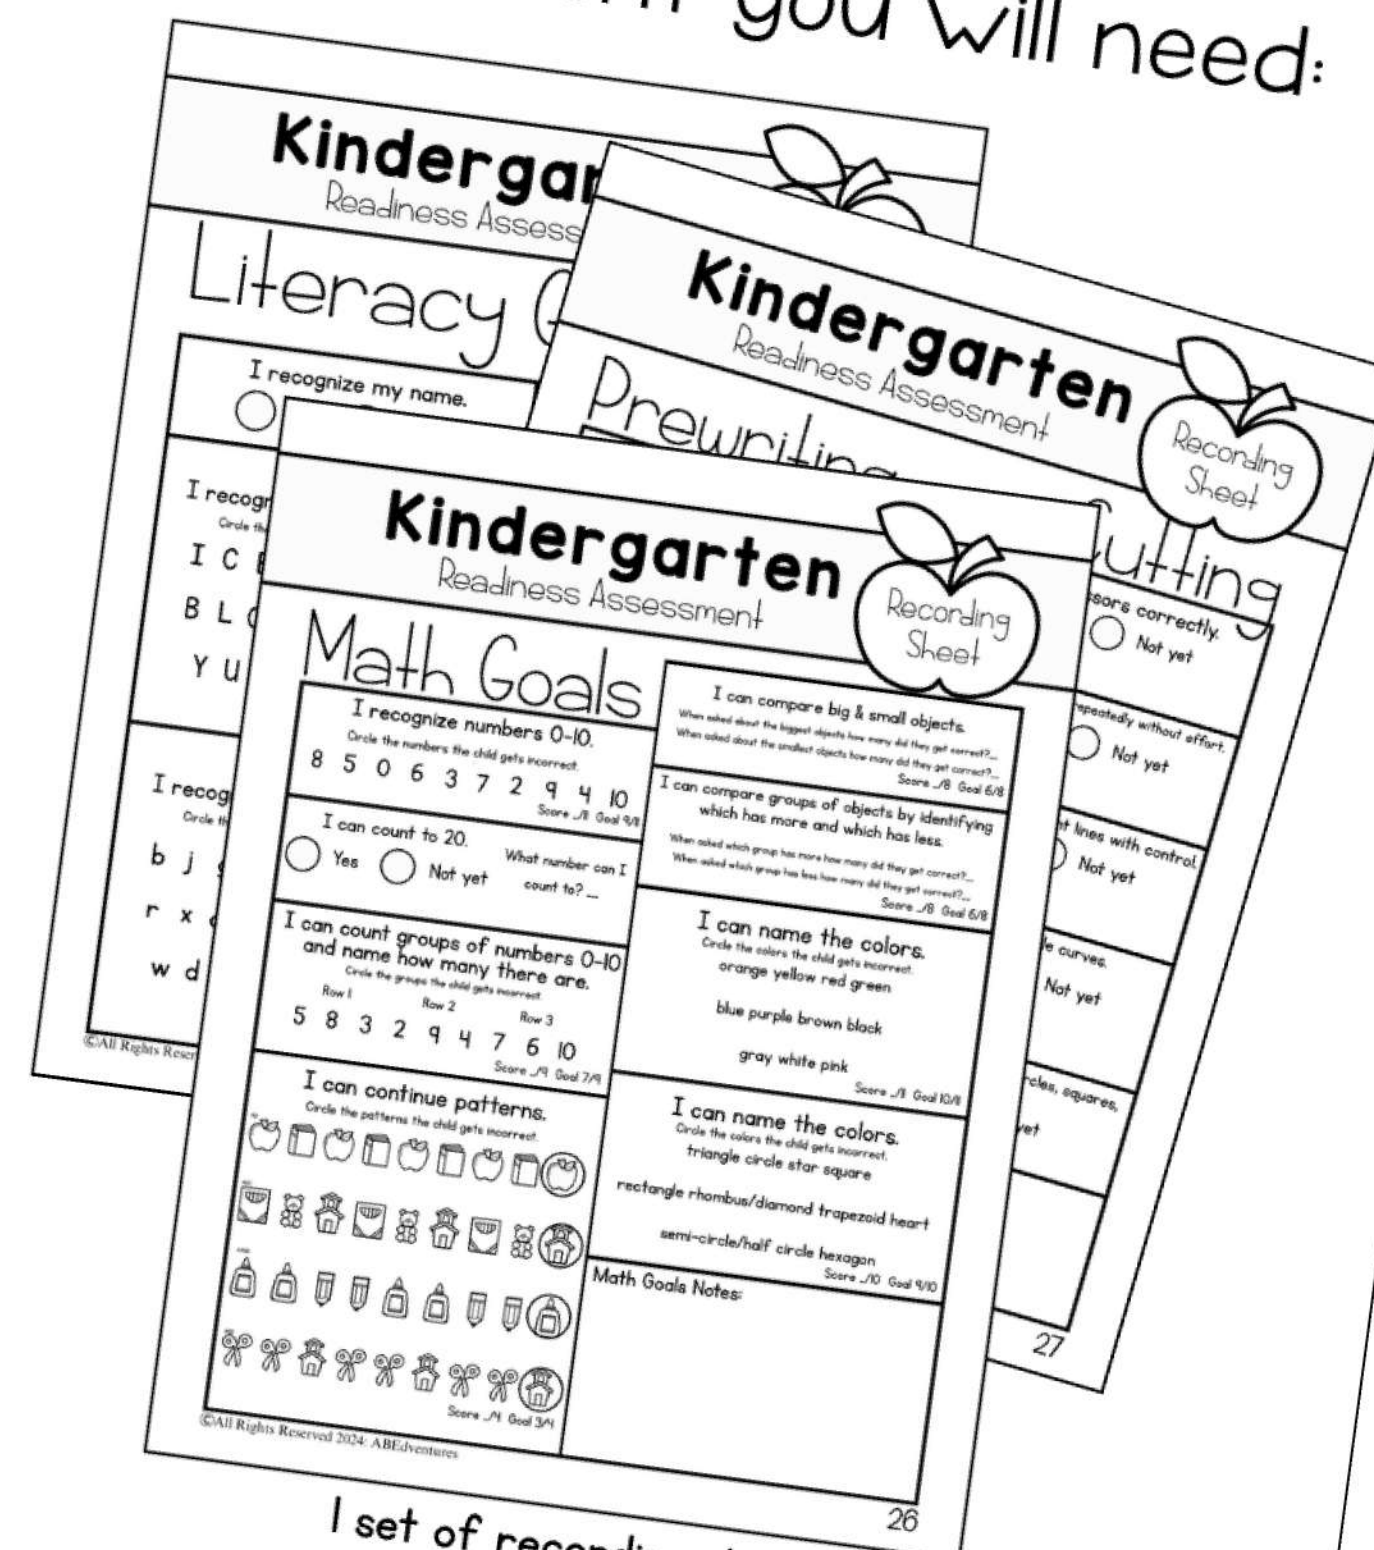

Assessment

HOW DO I USE THIS?

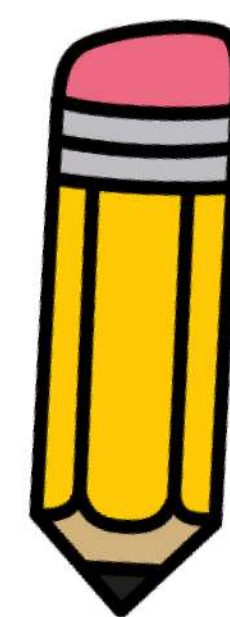

Before you can give this assessment you will need:

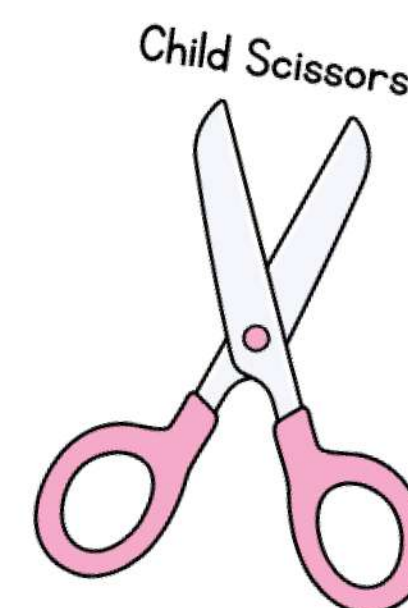

teacher instruction booklet

1 set of recording sheets per child

Pencil

Child Scissors

4

Clear instruction guide for parents & teachers.

Kindergarten

Readiness Assessment

Parent/teacher instructions: Show them point to the letters and tell y which letters they know/don't kno sheet. Score them and decide if

b j
q s

Kindergarten

Readiness Assessment

Parent/teacher instructions: Show this page to the child and say "Letters make sounds. For example, B says /b/. I want you to point the these letters and tell me what sounds they make." have them point to the letters and tell you the letter sounds. Record which letter sounds they know/don't know on the provided recording sheet. Score them and decide if they have met the goal.

A B C D

Kindergarten

Readiness Assessment

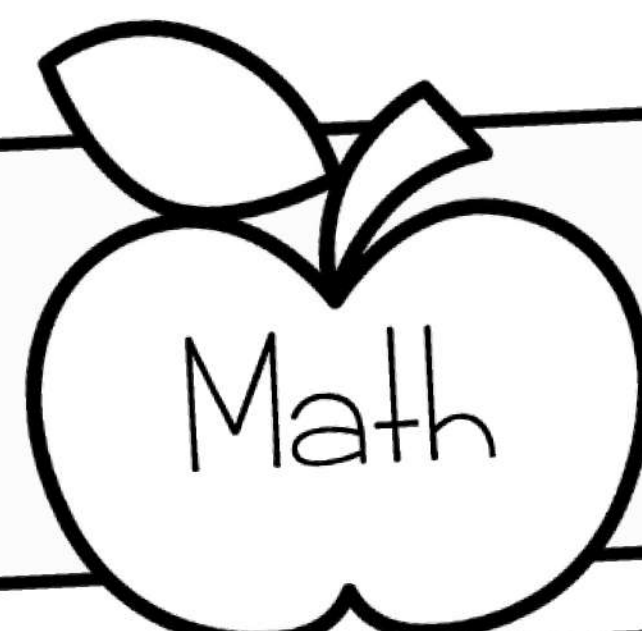

his page to the child and have ou the letter names. Record y on the provided recording they have met the goal.

Goal: I recognize uppercase letters.

T J
O

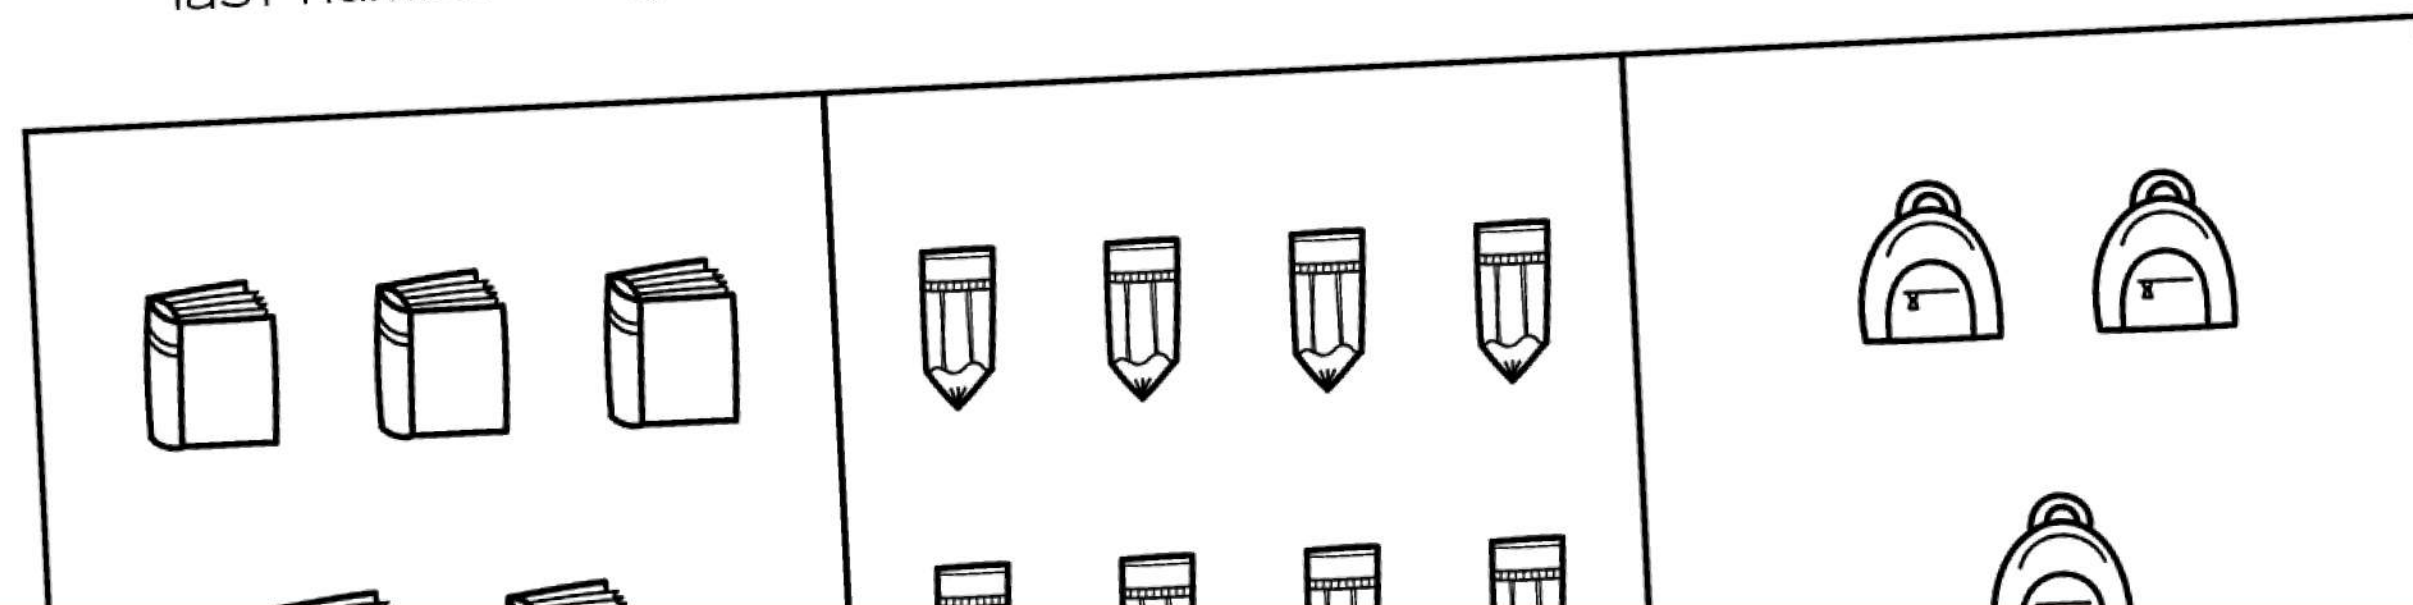

Kindergarten

Readiness Assessment

Parent/teacher instructions: Show this page to the child and have them count how many objects are in each box. Record which ones they get correct on the recording sheets. (Things to note: do they point to each item, do they count correctly, do they know that the last number they stay is the amount in the box)

Goal: I can count groups of numbers 0-10 and name how many there are.

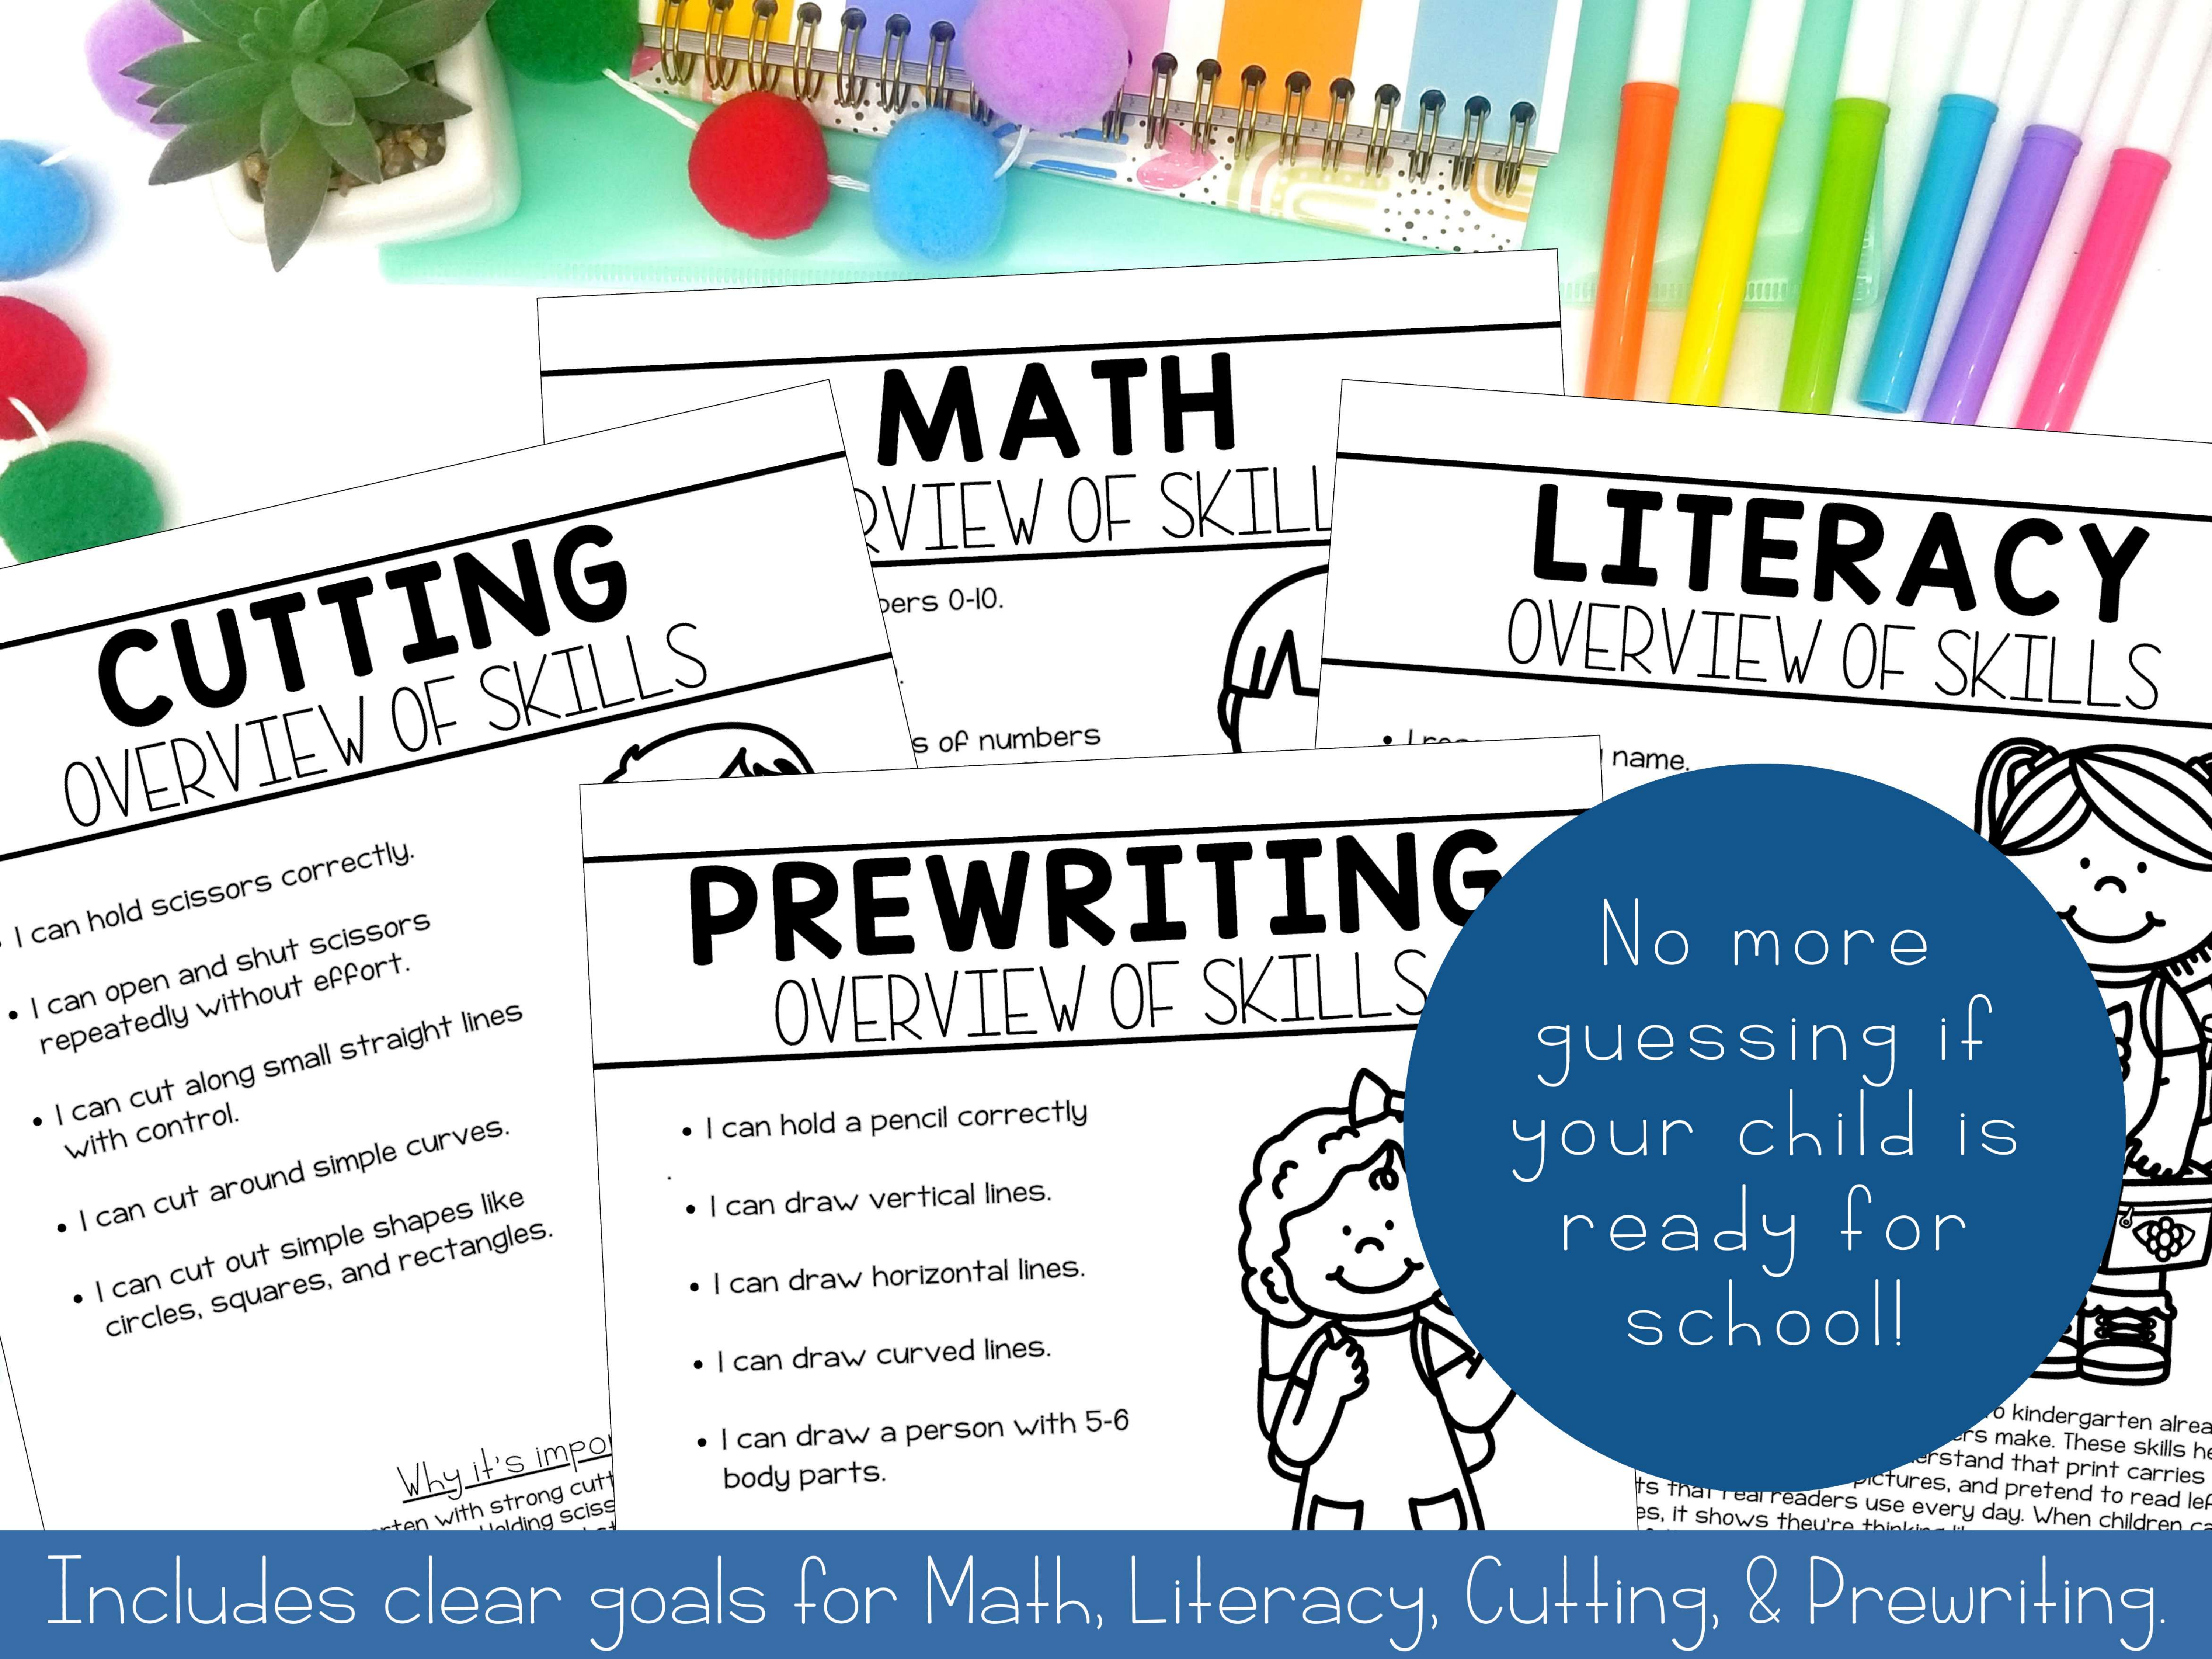

Print the instructions ONCE & make a binder to use again and again.

Say: Pick up the book. Can you show me the cover?
If the child picks up and holds the book incorrectly-record it, then show them how to hold it.

Goals:
I can hold a book the correct way.
I can "Read" the pictures and tell a story.

Clear instruction guide for parents & teachers.

CUTTING

OVERVIEW OF SKILLS

- I can hold scissors correctly.
- I can open and shut scissors repeatedly without effort.
- I can cut along small straight lines with control.
- I can cut around simple curves.
- I can cut out simple shapes like circles, squares, and rectangles.

Why it's important
to have strong cutting skills
Holding scissors correctly
cutting with strong cutting skills

Kindergarten

Readiness Assessment

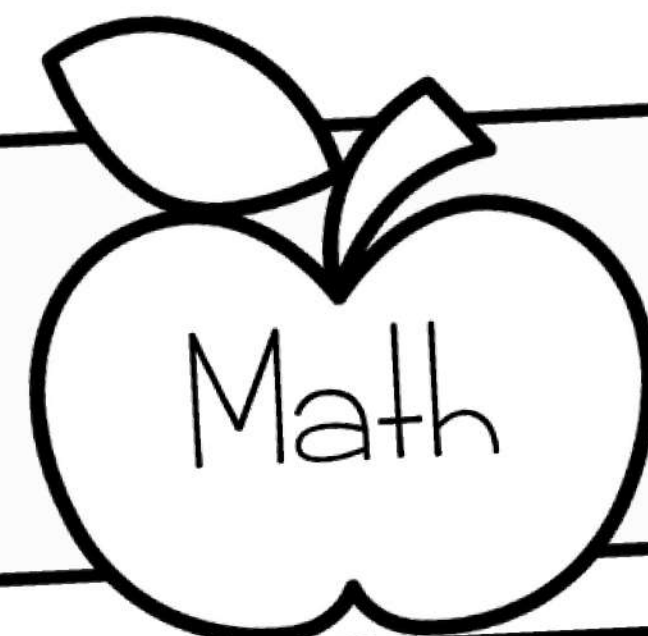

Parent/teacher instructions: Show this page to the child and have them point to the numbers and tell you which numbers they know/don't know. Record which numbers they know/don't know on the provided recording sheet.

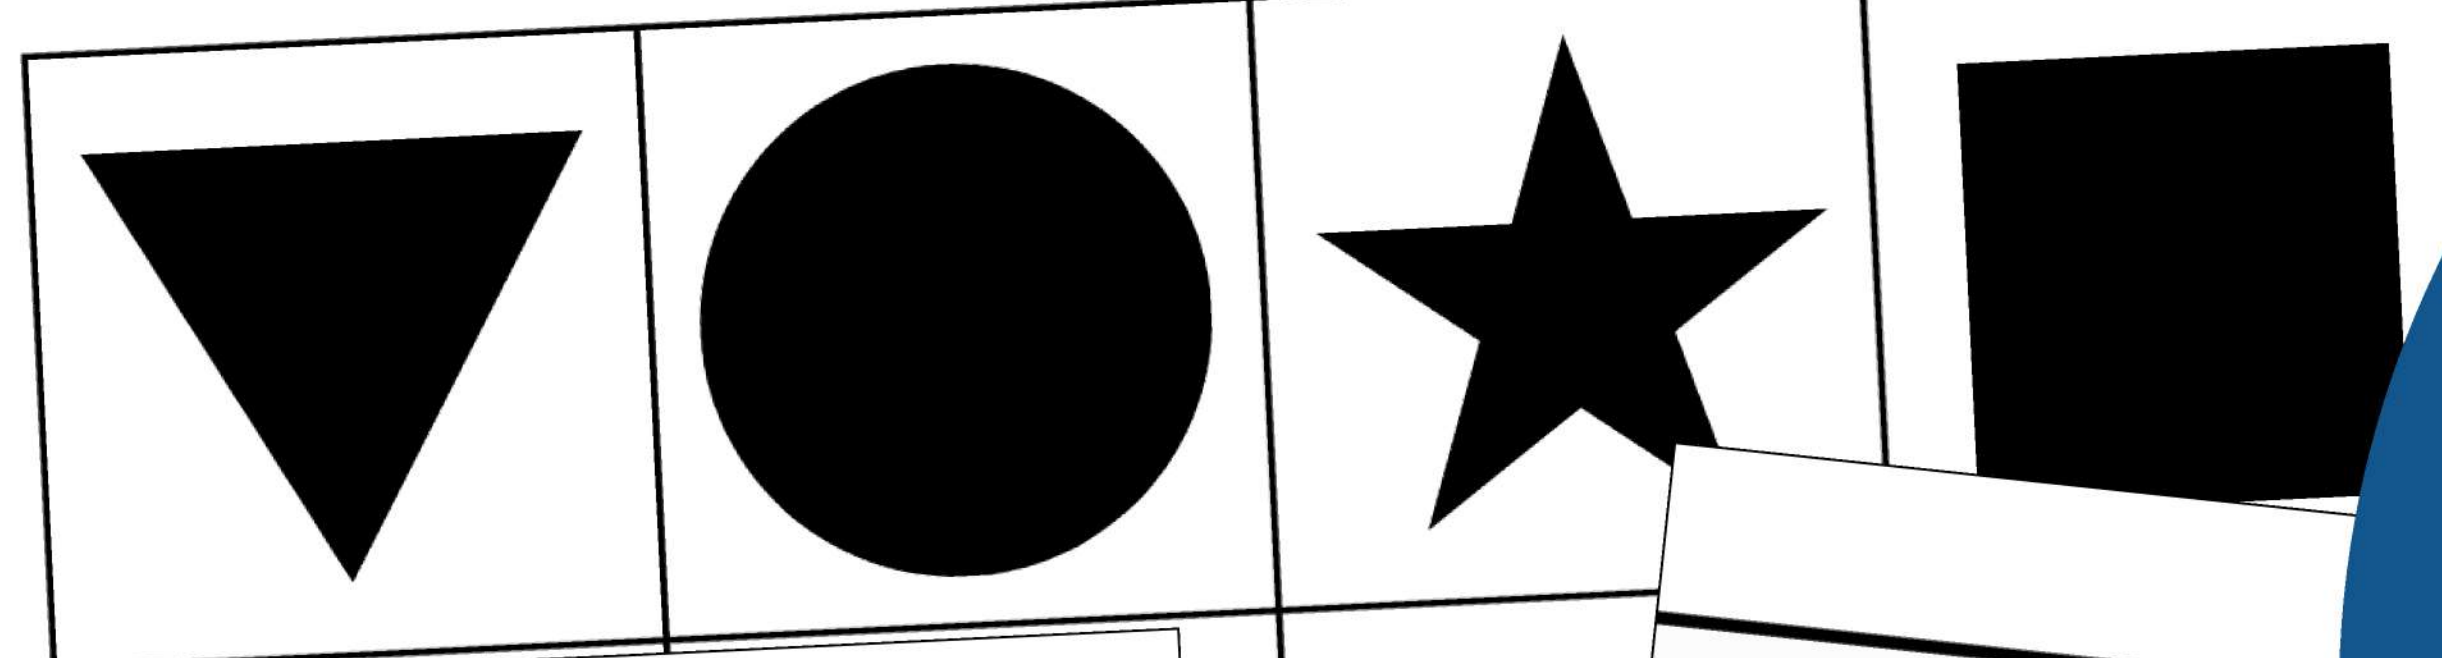

8 5
7 2

Kindergarten

Readiness Assessment

Parent/teacher instructions: Show this page to the child and have them point to the shapes and tell you the shape names. Record which shapes they know/don't know on the provided recording sheet.

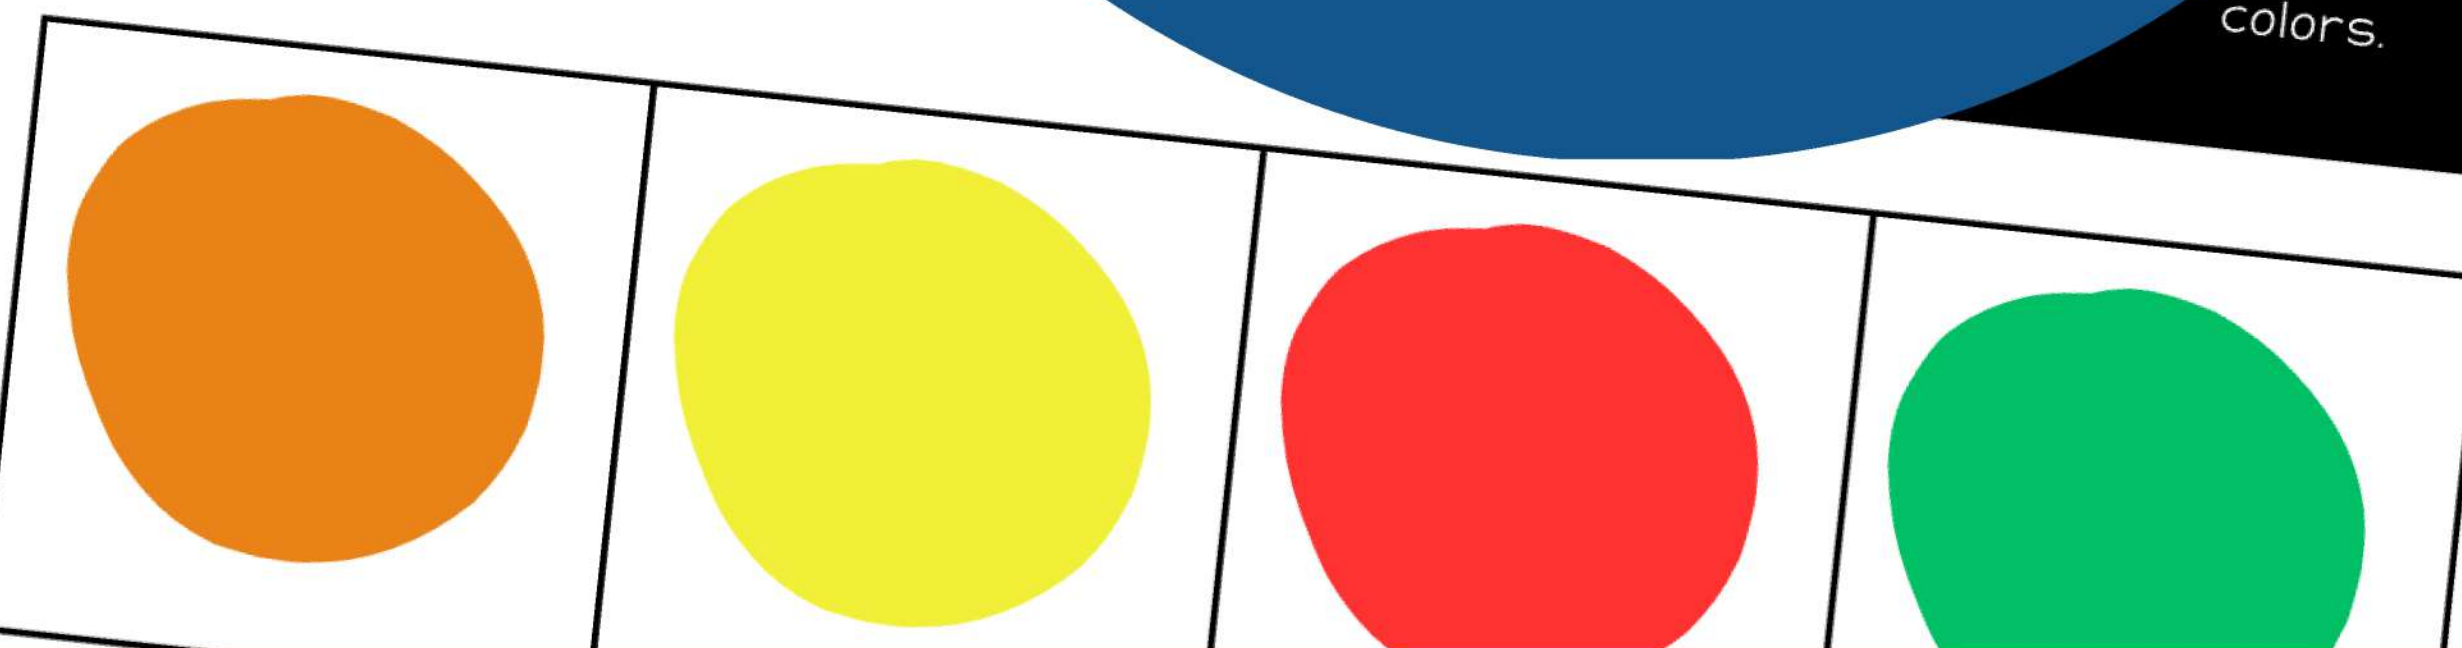

Goal: I can name basic 2D shapes.

Kindergarten

Readiness Assessment

Parent/teacher instructions: Show this page to the child and have them point to the colors and tell you the color names. Record their answers on the provided recording sheet.

Goal: I can name the colors.

Kindergarten

Readiness Assessment

Parent/teacher instructions: Use this page to write 5 names on the apples on the page. Try to make sure at least one of the other names has the same first letter as the child's own name. Ask the child to point to their own name. Alternatively, you could use name tags from your class, sticky notes, or write multiple names on a white board.

Goal: I recognize my name.

Includes:
Math
Literacy
Prewriting
Cutting

Clear instruction guide for parents & teachers.

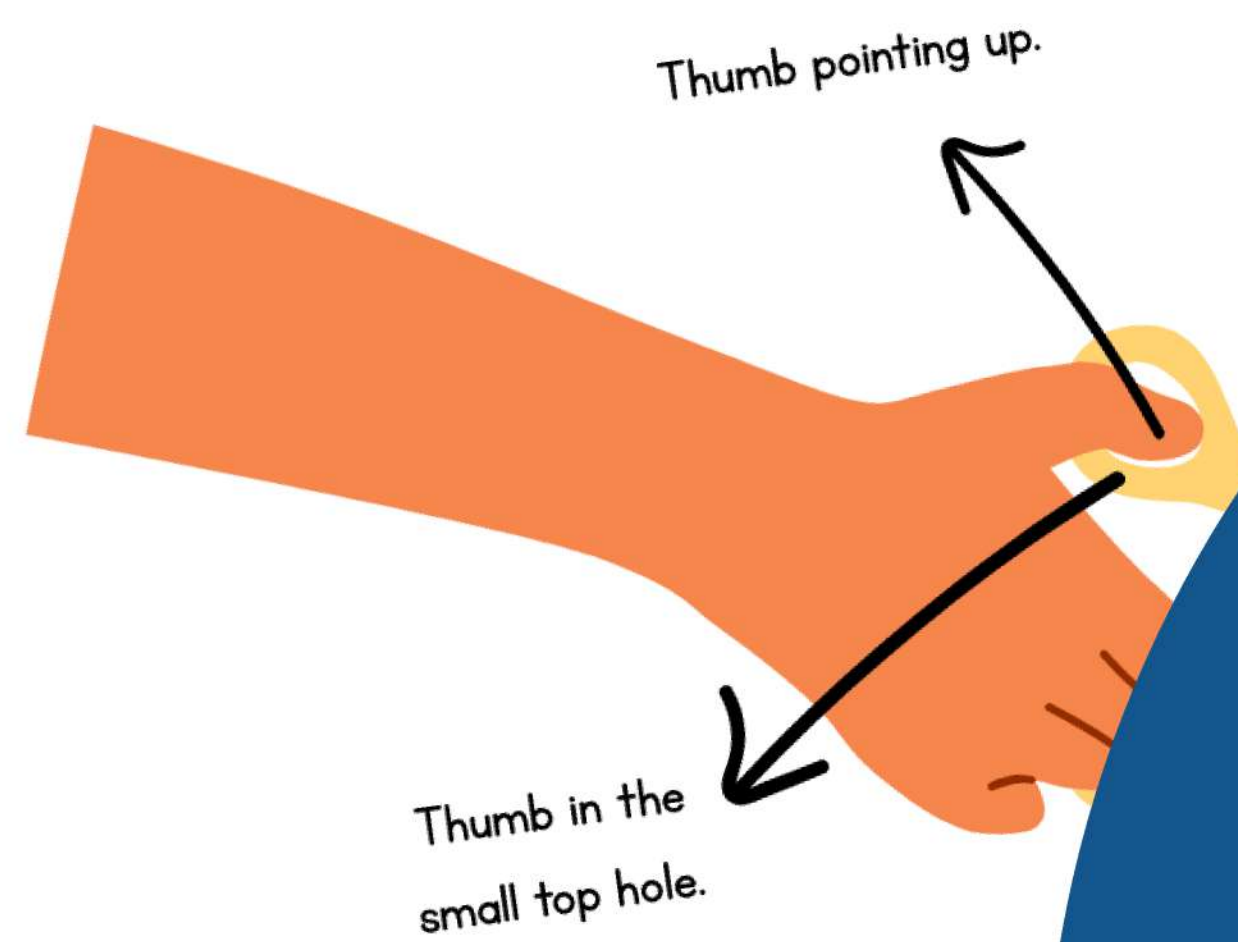

Kindergarten

Readiness Assessment

Parent/teacher instructions: Give the child the cutting page and observe them cutting the page. Record the skills on the recording sheet.

Goals: I can hold scissors correctly.
I can open and close scissors repeat without effort.
I can cut along straight lines.

Correct Scissor Grip: Children should put their middle fingers together in the larger bottom hole. The hand and wrist stay steady. This grip helps them open and close the scissors.

Kindergarten

Readiness Assessment

Parent/teacher instructions: Give the child the recording page and have them trace the first few of each line type and then draw lines to finish the rows. Record their pencil grip, vertical, horizontal, and curved lines. Next, have them draw a person and record how complete the person is. Lastly, have them write their name on the bottom line.

Goals: I can hold a pencil correctly.
I can draw vertical lines.
I can draw horizontal lines.
I can draw curved lines.
I can draw a person with 5-6 body parts.
I can write my name.

When a child holds the pencil with their thumb and index finger on the middle finger. The other fingers tuck in behind the middle finger, and the pencil should lean back toward them a little to write more easily and with better control.

- Prewriting
- Pencil Grip
- Cutting Skills
- Name writing
- & more!

Why You will LOVE this assessment!

Take away the guess work- know exactly where each child stands so parents and teachers aren't wasting any time.

Get your time back! It's all laid out for you. Print & assess!

Don't stress that you will miss a concept. **I spent years in the classroom** and know exactly what kids need to know when starting school.

The assessment guide can be used by anyone. **It includes scripts & visual aids if you don't have experience with the curriculum.**

Designed by a **National Board Certified Educator** with **10 years of experience in early childhood**. I'm a mom to two littles (age 3 & 7) and I am passionate about helping you!
