ECOLOGICAL ARTWORK

Exercise: INATURE COLLECTION & DECAY
OBSERVATION

Collect natural materials (leaves, flowers, bark,
seed pods) on different dates over two weeks.
Photograph or sketch each collection at day 1,
day 7, and day 14.

ECOLOGICAL ARTWORK

Exercise: RESEARCH TO ARTWORK MAPPING

Choose one ecological issue (plastic pollution,
deforestation, ocean acidification). Collect three
credible sources (UN reports, IPCC data, NGO
websites. In addition, see the attached support
resources). Create a visual mind map on paper
showing: the problem at center, three key facts
branching out, three organizations working on it,
and three visual symbols representing solutions.
Under the map, cite your sources.
