

ENERGY BUNDLE

WHAT IS A LEAF SHEEP?

Look for facts about the sea slug, *Costasiella kuroshimae*. This species lives in tropical waters. The sea slug has rhinophores that look like sheep's ears or insect antennae. A rhinophore is a small organ on a sea slug's head.

What is a sea slug?

WHAT IS INCLUDED

Combine learning about renewable energy with remarkable design challenges inspired by nature and the fascinating bill of the colorful toco toucan and the leaf sheep

GREAT TO USE FOR

- ❖ Biomimicry Design Activities
- ❖ Centers
- ❖ Independent Work
- ❖ Creativity Challenges

REVIEWS — SEASHELLS

“This is awesome! It's perfect for my kinesthetic students who love to create and manipulate things in order to learn and it's great for my critical thinkers! It's also well organized and easy to follow. Thank you so very much!”

“Will use this activity for my son who loves learning about seashells! There are many fun activities to choose from and the worksheets are very appealing and organized. Thanks!”
