Elijah is making a mosaic tray with square tiles. He will make 3 rows of tiles on his tray. The first row is complete. How many square tiles will Elijah use to complete the entire tray?

Covers All Measurement Topics

- ✓ Area of Rectangles
- ✓ Area of Composite Figures
- ✓ Perimeter of Polygons
- ✓ Finding of Missing Side Length in Perimeter Problems
- ✓ Elapsed Time
- ✓ Selecting Units to Measure Weight & Capacity
- ✓ Measuring Weight and Capacity

About the Author

This resource was created by Melissa Johnson, who has 16 years of k-10 teaching experience and a masters degree in Mathematics Education. Her resources build conceptual understanding, make connections between math topics and engage students in the mathematics they are learning.
