Imagine that you are the author. You will create another page in the book.
What will you include? Think about including: colour, size, position, and facial expressions.
Let's brainstorm some ideas together- what new objects could we include that could come to life?

How does the playground make you feel?
What are some words you might use to
describe those emotions and feelings?

This was a great resource. My students loved doing the activities and I found it very helpful!

Thank you so much. This made my job really easy. My students were so engaged and they did well in their writing.

Turn and talk to your partner about your ideas for an additional page, and how you will illustrate it.

Anything from Oceanview Resources is a must. Resources are to the highest quality and extremely engaging. I highly recommend!

You can begin to draw your picture when you are ready.
