7-digit lock *

Your answer

Each clue page gives students a hint of what they are looking for and a link to a resource to find the answer.

Teacher guide and instructions

Detailed guide on how to play and what key unlocks each lock. Give your students support as necessary based on time and ability. You have the answer key - give students as much or as little help as they need to complete the task.

instructions

so much fun, I really hope that you and your students will enjoy this one about the

send your students to:

ss to edit the form or the images to play the game. You (and your students) WILL
be account in order to make a copy of the spreadsheet on the Nile Flooding slide.

this breakout include:

The Pyramids

On the Pyramids page, students will see a photo of the pyramids. Clicking on the one in the front will take them to a page about how the pyramids were built and who the architects were. The clue they will find here is the 6 letter lock: ANKHAE

Home page

When students open the home page, you will see a header image and a photo of the Sphinx and pyramid. To get to the other clues, they will need to scroll their mouse over the image. There are five links hidden in the image. When they scroll over a hidden link, the hand icon will show up and it will be clickable.

The links are hidden over the words:

The nose of the Sphinx
the top of the pyramid
the camel to the left of the pyramid
the stone in the lower left
the building on the right
