CRAZY SOUNDS

SHORT VOWELS

HOW TO PLAY

- ▶ Shuffle the cards.
- ▶ Deal 7 cards to each player. For two players you can remove the reverse cards.
- ▶ Place the remaining cards face down.
- ▶ Turn over the top card on the pile to start the discard pile.
(Note: If the first card turned over is a special card, return it to the pile.)
- ▶ The first player looks at their cards and must put down a card that matches the card on top of the discard pile in **either** color or short vowel sound.

For example, If the top card is yellow with a picture of a cat, the player may put down any yellow card or any card with a short a sound. (a yellow hat, a blue ham, a green rat, etc...)

They may also use a special cards.

- The player must correctly say the sounds for each word in order to discard their card.

** For example, to play a card with a cat, the player should say, short a, /a/ - /c/, /a/, /t/ - cat.

Tapping the sounds may help those who struggle with this skill. If a player is using a card with just a vowel or using a wild card, they should say the vowel sound they are changing the sound to.

- ▶ If a player does not have a card to play, they must take a card from the pile.
- ▶ The first player to get rid of all their cards is the winner.

SPECIAL CARDS

Draw 2 – The next player must draw two cards at the beginning of their turn.

Skip – Skips the next player

Wild Crazy Sound – This card can be used for any color or any vowel sound. When playing this card, the player should say what color or vowel sound they want to use.

Note: This game includes two sets of cards. To play using pictures only, players must say the word and each sound without seeing the letters. This strengthens phonemic awareness and the student's ability to hear the vowel sound. It may be helpful to introduce the pictures and vocabulary first since some children may not recognize the image.

When using the set with words, players will be able to see the vowel and practice decoding each sound.
